COMMUNICATIONS COMMITTEE MEMBERS NEEDED

Byron Snowden
218-244-3373

The VO Communications Committee is looking for 3 members to help VO move their communication platform into the future. No technical knowledge needed, just an interest in improving VO's communication opportunities. We meet twice per month for 1 hour. Contact Byron Snowden at 125 Merlin (218-244-3373) if interested.

GREEN COMMITTEE

Allan Jeska
360-573-9079

Some of us are finding a lot of non-recyclable plastic items in the blue recycle barrels. All of us are aware that there is a worldwide plastic pollution crisis. Yet we mistakenly put our plastic carry-home bags (sometimes full of valid recycles) into the blue barrels. Your recycles need to be put loosely into the barrels, without plastic

bags, so they can be speedily sorted at the transfer station. The average person uses 500 bags a year and the average use for the bag is only 12 minutes. Your plastic bags need to be clean and taken to a grocery store. With the holidays, NO wine bladders either!

INFRASTRUCTURE COMMITTEE

Warren Lee
540-538-0438

The Infrastructure Committee has two vacancies, plus a member with medical issues. We are in need of your help. We assist the Condo Board by providing recommendations on street repair, street lighting, drainage, solar, exterior walls, etc. If you have any experience that relates to any of these activities or just a desire to be part of this process, please contact me or any member of our Committee.

You Can Be a PREMIER VOLUNTEER

It's that time of year again, time to start thinking about running for one of the three open director positions on the SOCIAL BOARD. Both men and women lot owners are eligible.

If you enjoy being a member of a club or two and are willing to share your talents for the good of all, then being a Social Board director might be a good fit.

Here are the basic qualifications you should bring to the position:

Reside in Venture Out for five (5) months each year (mid-October through mid-March).

Have good people skills.

Be willing to serve for three years.

Enjoy helping others be successful.

The various clubs and recreation department are the life blood of the Venture Out life style. The Social Board makes sure the blood keeps flowing. Remember, if we don't all help, then nothing will ever get accomplished.

Venture Out Condominium and Social Board Joint Presidents Comments January 11, 2019

The following is a summary of comments that Lorraine Hee, Social Board President and Alice Anderson, Condominium Board President wrote earlier in Fall 2018 Outline articles. This will be a repeat of information for many of you, but we feel it is important to bring our January arrivals up to speed on relations between the two Boards.

Last April, before I left for Montana, Lorraine and I, as newly elected Board Presidents, met a number of times to talk about how to work together. During the summer we talked every 7-10 days to field rumors and to talk about how to move forward for the good of Venture Out. Since I returned to VO in October, Lorraine and I routinely meet at least weekly to identify how to coordinate even better the work of our 2 Boards.

The Executive Teams (President, Vice President, Treasurer and Secretary) of both Boards met on a conference call in August 2018 and identified a variety of issues that we would collaborate on this season. The Executive teams have continued to meet together monthly and will do so through March. These meetings are helpful as they allow us to clarify rumors and talk through perceived grievances, get the facts and determine how to move forward.

Our full Boards – 18 of us – met together in December and will do so again in March. We use that meeting to talk about issues impacting both of us. Examples include the 50th Anniversary of VO celebration in 2020, the Joint Projects Fund, the transmittal process, insurance coverage and much more.

Although we may not always agree on an issue, we have found that we are able to talk openly about our differences and then determine what is best for Venture Out.

The following are just a few of the projects that we have representatives from both Boards working on. Finances - Definition of FF&E (furniture/fixtures and equipment) as the definition dictates who pays for what - Donations – how to process the offer of a donation - Outside use of facilities, which impacts clubs and security - Master facilities and West Pool planning.

Remember last year when there was so much conflict? The Condo Board commissioned an ad hoc Governance Study committee to look at alternative models. Given the work that has been going on between the two Boards, that Governance Study committee recommended in November that the Condo Board formally dissolve their committee and waive the requirement for the committee to present a formal report to the Board. That was done at our November 30, 2018 Condo Board meeting.

Social Board continues to educate our clubs in the area of budget and finances in hopes that clubs will once again unite and assist with fund-raising endeavors so that all clubs, both large and small have the financial support to continue to be clubs that are the envy of the many parks that surround us.

So, what do we need from you? Please, do not listen to or spread rumors - get the facts! And be part of the solution. VO will continue to get better and better – but only with your help. And come to our meetings and if you cannot be present watch us on Channel 17 to keep up to date. We hope that this brings you up to date and welcome back!

Alice Anderson, Condo Board President

Lorraine Hee, Social Board President

Administration

Don't forget to attend!

Come out and meet the Board of Director candidates on January 15, 2019 at 7pm in the Ballroom. The three candidates will be asked to tell us a bit about themselves and to them identify what they think are the 2 most important issues facing VO in the next 3 years and explain why they think that is the case. They will also be answering questions from the audience.

You might ask, why are we having a vote when we only have three candidates for three positions? The answer is that the Governing Documents of our Association requires us to elect Board Members by a vote of the owners. We also have on proposition on the ballot relating to taxes on common surplus funds. Our Declaration states that any common surplus funds shall be used to lessen the dues assessment for the upcoming fiscal year. This proposition is to clarify the issue of these funds being taxable and satisfy IRS requirements. If we vote yes on the proposition then the funds would not be taxable. A no vote may place us in a position of being taxes on any common surplus funds. This is a housekeeping issue that is required annually. I encourage everyone to exercise their right to vote.

It is not too late to **sign up to vote electronically**. The cost of an electronic vote is at the most 56 cents. A paper ballot can cost as much as \$4.00 each depending upon where it is sent. Please sign up to vote electronically if you can as it will save money for all of us.

See you at the meeting!

Alice Anderson, Condominium Board President

2019 Condo Board

ANNUAL MEETING & ELECTION Wednesday February 13 1:00 pm Buena Vista Ballroom

Kay Hanks, 604 Boeing, I have been at Venture Out for 18 years and have been an owner since 1997. I am here 6 months out of the year. I have three children, two sons and a daughter. I also have 3 grandsons and 2 great-grandsons.

I was the Business Manager at Connecticut Mutual Life Insurance. I started in clerical, then moved up to SV, then Office Manager and then Business Manager for 15 years. As a business manager I took care of all the financial needs of running the office in MPLS and Montana office. We moved our office to different locations when we needed more space. I was in charge of that and the functional design of the office. We had about 120-150 insurance agents that I dealt with on the financial end which included payroll. I did the budget and then sat down with the boss to go over it all for his approval. I also did clerical training. After 26 years I decided to retire and go to Venture Out in the winter.

My experience and knowledge that would be beneficial to the board are in accounting, budgeting, good business skills and people skills. I have knowledge of being on Boards. I am productive and complete projects.

I have served on the Social Board 6 years, with 2 years as Treasurer and 2 years as President. VO Foundation, served 3 years as President. Bocce Ball Club served 3 years as President, Hams at Heart and Ceramics, helped with orientation guidelines. I served on various committees reorganizing the outlay of Out-Lines Committee, Governance Ad Hoc Committee, start of moving Pickleball to another place. Served on the committee for reviewing other revenue, work with Bocce's 3 fundraisers, help with homecoming, Christmas decorations Activity Offices. Chosen "Star Volunteer," helped in Church service in Ballroom Sundays as a greeter, reading scriptures and collect offerings. Served on Condo Board nominating committee twice. Periodically say prayer for Condo and Social Boards and do Tuesday night Bible Study.

I love Venture Out, everyone pitches in to help whatever is needed to be taken care of at the time. We are so fortunate to be here to keep us healthy and happy. I want to be part of making VO the premier park that it is.

Board Nominees

Greg Shelby

My folks lived in Venture Out for twenty-seven years and introduced me to the wonderful lifestyle of the park. I'm proud to be a second generation resident.

My wife, Cheryl, and I have been owners since 2000. At the time we purchased our home we were too young to live in the park but had a wonderful renter for twelve years. In 2013 we began spending winters here at VO and in 2016 became year-round residents.

My background is in sales. I spent more than twenty-five years in the television industry as the national sales manager for several different stations. This position required me to learn the art of win-win negotiations. I also served for thirty years in the Army National Guard, retiring in 1999 as a Lieutenant Colonel. My military assignments were in the public affairs field. I graduated from Brigham Young University with a BA in communications in 1974.

In 2013, I was asked to run for one of the three open positions on the Social Board. I was honored to receive enough votes to be selected as a director. During that three-year term I gained valuable experience seeing how Venture Out operates. As president of the Social Board for a year and a half, my duties included being the liaison to the Condo Board, the Planning Committee and the Transmittal Committee.

Now, as a candidate for the Condo Board, I am confident that my work experience as a win-win negotiator will be valuable as the board considers motions and improvements that will contribute to the future of VO. Knowing the workings of the various boards and committees has provided me with a sound understanding of how they all need to work together for the good of the park.

I look forward to again being of service to Venture Out and would appreciate your support.

Byron Snowden, 125 Merlin, I have lived in Venture Out for 13 years and have been an owner since 2007.

My occupation was as a Technical Service Engineer working with an international customer base seeking solution to various maintenance and operational problems. We moved 11 times over my career and each time I found that volunteering to help in local schools and church activities integrated our family faster and fuller in the new location. As far as civic involvement I served on 4 county or municipal Planning and Zoning Boards in 3 different states. Finally, I was on 2 different HOA Boards, one of which was a start-up board.

My work life and volunteer endeavors required that I embrace compromise, be open to evolving environments and changing goals, and support collaborative efforts to achieve the organizational goals while staying true to the rules and regulations of the organizations.

At VO I have served on the Facilities Planning Committee (7 years, 2 as Chair); the Governing Documents Committee (3 years); and now as Chair of the new Communications Committee. As the FPC representative, I participated on the subcommittees working on the Glass Arts development, the EPC project, the NE Sports Plex project and the latest versions of the VO Long Range Plan.

As far as club activities I am a member of the Electronics Club, Rock and Gem Club, Bocce Ball, and Pickleball Club.

Between my work life and volunteer efforts I have been on numerous boards, committees and study groups where I learned 3 important lessons:

- Never assume that there is only 1 solution.
- Never ever assume you are the smartest person in the room; you will be disappointed.
- Always listen to all input because the solution to the current issue is often hidden in the compilation of the suggestions and ideas of many folks.

I believe in VO and will support all efforts to maintain VO's quality of life and quality of facilities.

This is a new craft that is catching the attention of many who want some permanent but beautiful flowers. We will be making a beautiful flower by folding paper ten times to make one petal into different

shapes. These flowers are unusual and something that you will want to display in your home. Make it to go with your décor. So join me and learn this new craft. The cost is \$5.00 for materials. Call me and reserve your spot so I will know how many supplies I need.

See what's new in the computer and amateur radio worlds by visiting the Electronics Club Open House held in the Oasis on Friday, January 18 from 1:30 - 3:30 pm. If I know the Electronics Club members, they'll have a few homemade treats to share as well!

The lottery draw for the Venture Out Home & Art Tour is scheduled to take place following the Grapevine on January 21 in the Baja Bistro. If you would like to get a glimpse of eight unique and beautiful homes in Venture Out, this is the only way to go! Lottery forms are available in the Activity Office from Monday, January 14 through Friday, January 18.

The next two Friday Seminars are bound to be well attended. Tickets may be purchased at the event but be sure to bring your own table service and a bit of extra cash for ice cream.

There are still a few tickets available for the Monday, January 21 Tour of Italy's Cooking Class. Not only will you enjoy an informative class conducted by Chef Salvatore Zappone, but the \$38.00 fee includes lunch and all recipes as well. Sign up and pay in the Activity Office today.

Wait until you see all the wonderful handmade woodcarvings that are part of the Sunshine Woodcarvers Raffle this season. Their raffle begins January 15 and continues through January 29. Have you seen the chess set in the Baja Bistro display case?

The annual Hobby Center Open House is scheduled for Saturday, January 26. The five clubs along with the Green Committee which operate out of the Hobby Center area present the very best of open houses! Tour the facilities, purchase handmade craft items, buy raffle tickets, watch demonstrations and enjoy a snack or two. It's a good time!

Should you miss a deadline to purchase event tickets or if an event is sold out, be sure to check the Resale Ticket Board located in the Post Office Hallway.

At this time of year the kitchen is always open for a lunch on Thursdays be it a Taco Salad, the VO Diner, French Dip Sandwiches, a Chili Bar or Ed's Grill. You can always count on some good chow between the hours of 11:00 am - 1:00 pm. See the Out-Lines for menu and ticket information.

If you are not going to utilize a room which you have booked through the Recreation Department, please inform the Activity Office. Rooms are in high demand and often people are turned away when, in fact, a room is available. Your cooperation is greatly appreciated.

It's not too late to get your January 23 Lasagna Dinner tickets! The members of the Lawnbowling Club have their award-winning Lasagna recipe down pat and it's worth its weight in gold. One of my favorite meals at Venture Out!

See you at Zappone's for the Pet Association's Meal Deal on Friday, January 18 followed by the Glass Art Studio-sponsored Meal Deal at Tia Rosa's on Monday, January 21. Italian and Mexican. You can't go wrong with either. Remember to take the flyers with you when you go.

Manager's Corner

January 11, 2019

This week's occupancy is 1531 or 88 % vs. 1297 at the last report and 1420 for the year prior. There are currently 409 renters in the park.

Each two week's when its time to write a column I struggle a bit, because so much of what the Condo Board and therefore, Management does, is working on projects. Some of those projects take a few weeks, some take years to come to fruition.

At this point, we are already working on budget for the next year. Some of the projects we are getting estimates for, include but are not limited to the following:

Streets and lighting - This coming summer we anticipate we will seal coat most of the East side and from that point on the 'black dust' problem should be all but eliminated.

Bathhouse roofs and pipes - We are getting estimates to replace roofs and possibly do some more pipe lining on the bathhouses. This will extend the useful life of these structures, at least another 20 years, and perhaps much longer. Considering the bathhouses remain one of the most popular amenities in the park, maintaining them each year is a major part of our preventative maintenance program. As a point of interest, back in 1995 when the first reserve study was done, the replacement cost of the pool bathhouses was estimated between \$9000 to \$20,000. Now of course it is many multiples of that dollar amount.

Palm tree bids - This operating expense goes up each year and with labor costs soaring, I expect it to be a bit of a sticker shock this year. Hopefully everyone has had the opportunity to see the excellent film Channel 17 did on palm tree trimming and understand what happens out here each summer and why that dusty dirty job must be done annually.

Drainage South West retention basin - The really big news this year, is that the City of Mesa received a block grant (Federal Money) to improve drainage along Broadway. Since they obtained that money in part by using VO's history of floods in the SW corner, they agreed to let VO tie into the project. This entails installing a new pipe system that will drain from the bottom of the retention basin directly into the City storm water system. It also means that we should no longer have to pump water from the basin into Roosevelt's water system, nor wait around until they give us permission to pump. In essence it will be like draining a giant bathtub. We anticipate working on this no later than April, in order to complete the project prior to monsoon season.

Assessment of remaining useful life of the HVAC on the Community Center. It's hard to believe but this fall, it will be 14 years that the new Community Center was built. The HVAC system is the most expensive part of that building and as such we must carefully maintain the equipment and assess its overall health. It takes 43 tons of equipment to cool and heat the center. Our reserve study forecasts replacement of all the units this next year, but we only replace components when they need to be replaced. HOWEVER, there is never a good time for that building to be nonoperational, so as a preventative measure, we are having a Mechanical Engineering firm, inspect and review all the equipment and give us their estimate for the remaining useful life of the equipment. In an ideal situation, when we finally determine its time to replace any unit, we would do so in April or May at the very latest.

Finally, in closing, I will make the plea once again. If you have an e-mail and have not already done so... sign up to vote electronically, with VOTE NOW. Even if you don't vote, that simple action will save VO thousands of dollars over the years, because it takes a maximum of 56 cents to send out an electronic ballot vs. \$2.00 to \$4.00 to mail one.
