You are also invited to attend a planning meeting held **Wednesdays at 1:15 pm** at the **Sonoran** at the **Community Center** where you can also pick up an application form. Applications must be in by **March 1**.

# Administration

## COMMUNICATIONS COMMITTEE MEMBERS NEEDED

**Byron Snowden**  
218-244-3373

The VO Communications Committee is looking for 3 members to help VO move their communication platform into the future. No technical knowledge needed, just an interest in improving VO's communication opportunities. We meet twice per month for 1 hour. Contact Byron Snowden at 125 Merlin (218-244-3373) if interested.\*\*

## CONDOMINIUM ELECTION COMMITTEE MEMBER NEEDED

**Gene Waters**  
208-530-0001

The Election Committee is involved in our Condominium Board annual election and reporting process. The Committee helps to inform residents of our absentee voting methods and assists in providing security of the process.\*

## THE LONG RANGE PLANNING COMMITTEE

**Paul Williams**  
563-340-7241

The Long Range Planning committee is looking for applicants to fill positions on committees. If interested in the future planning of Venture Out, contact Paul Williams at 563-340-7241 or attend a planning meeting at **1:15 pm on Wednesdays in the Sonoran** in the Community Center. Applications must be in by **March 1**.\*

## GREEN COMMITTEE

**Allan Jeska**  
360-573-9079

Now that most of the park is full, it is time to think about all of us conserving our water usage. This is indeed a desert and our water must be brought from afar or pumped from the aquifer. It is a large expense to VO and we need to conserve where possible. The treatment and delivery of our water takes a lot of energy, adding to our cost. Check your toilets for the "phantom flusher" and sweep your deck and driveway instead of hosing it off. You may trade your showerhead for a low volume one at the **Administration** building. Conserving water helps us all.

## INFRASTRUCTURE COMMITTEE

**Warren Lee**  
540-538-0438

The Infrastructure Committee has two vacancies, plus a member with medical issues. We are in need of your help. We assist the Condo Board by providing recommendations on street repair, street lighting, drainage, solar, exterior walls, etc. If you have any experience that relates to any of these activities or just a desire to be part of this process, please contact me or any member of our Committee.\*\*

## Notice!

Club Budgets  
are due to  
Social Board  
Liaisons by  
Monday  
February 11

## ATTENTION RESIDENTS

Please refrain from feeding birds on your property as this causes a nuisance and a mess to your fellow neighbors. Please know that feeding birds and creating a nuisance for others is finable per the Venture Out Rules and Regulations.

\*Note that hummingbirds are

an exception to this as they do not make the mess wild birds do.

# 2019 Social Board Nominees

**Dianne L. Tarrant**, 821 Merlin, currently resides at Venture Out from October through May. In the summer months, Dianne travels with her husband, Duane Nystedt, and dogs in their RV. Dianne became an owner when she inherited her parents' unit in 2005.

At Venture Out Dianne is a member and facilitator of the Woman's Book Club, Pet Association, and is an Activity Office volunteer cashier. She assists with decorations and other tasks related to the Montana and Alaska state parties. She is a part-time novice bridge player. Skill sets includes budget, writing, computer skills, leadership, organizing, listening, and advocating.

Dianne retired at the end of 2015 from the University of Alaska-Anchorage as an Associate Professor and Coordinator of the Family Nurse Practitioner program and founder/owner of Ravenwood Family Practice. Prior to those positions she had a 25-year career at Providence Hospital as a staff nurse, intensive care nurse, dialysis nurse, and head/manager of the cardiac care unit.

Dianne is an accomplished leader, innovator, business/practice owner, and educator. She was instrumental in establishing the Nursing Doctorate Program at UAA. She is widely published in scholarly journals for her work and expertise in hepatitis B. She is also a national speaker on generational theory and other health care topics. Examples of her volunteer work in Alaska include Anchorage Gateway Rotary Club, Board of Directors for Beans Café for 12 years (fed poor and homeless), co-chair of Beans and Jeans fundraising event to help pay for a new kitchen at Beans Café, Muldoon Beautification Project, Camp Champ as a health care provider to asthmatic children, Alaska Youth and Parent Foundation, and the National Hepatitis B Foundation to name a few.

Dianne welcomes the opportunity to serve and promises to be a good learner, hard worker, and advocate on behalf of the clubs in Venture Out so they can thrive.

## **Keith Gustafson**

I have been a home-owner in Venture Out for the past 6 years. I purchased an older unit at 428 Aztec and renovated it into an adobe casita. I have grown to love my winter life in VO and the many wonderful friends we have met from Canada and throughout the United States. My prior life consisted of a career in Special Education in North Dakota. I taught at Minot State University for 12 years, worked for the North Dakota Department of Public Instruction in Bismarck, and spent 20 years as a regional Director of Special Education based in Bottineau, ND. My volunteer activities in the park consist of serving as the Coordinator for the Annual Christmas Dinner in the Center, a volunteer driver for the annual Tour-of-Homes, serving on the Architectural Committee, and more recently on the West-pool Improvement ad hoc committee established by the Condo Board. I am also on the editorial staff of the VO Voices, which has been very rewarding. It gives me an opportunity to visit with fascinating residents in the park and hear their life stories. My favorite past-times consist of swimming in our beautiful pools, trying to learn to play bridge and sitting on my deck reading and greeting all of my friends as they take off for their assorted activities.

# 2019 Condo Board

## **ANNUAL MEETING & ELECTION** Wednesday February 13 1:00 pm Buena Vista Ballroom

**Kay Hanks**, 604 Boeing, I have been at Venture Out for 18 years and have been an owner since 1997. I am here 6 months out of the year. I have three children, two sons and a daughter. I also have 3 grandsons and 2 great-grandsons.

I was the Business Manager at Connecticut Mutual Life Insurance. I started in clerical, then moved up to SV, then Office Manager and then Business Manager for 15 years. As a business manager I took care of all the financial needs of running the office in MPLS and Montana office. We moved our office to different locations when we needed more space. I was in charge of that and the functional design of the office. We had about 120-150 insurance agents that I dealt with on the financial end which included payroll. I did the budget and then sat down with the boss to go over it all for his approval. I also did clerical training. After 26 years I decided to retire and go to Venture Out in the winter.

My experience and knowledge that would be beneficial to the board are in accounting, budgeting, good business skills and people skills. I have knowledge of being on Boards. I am productive and complete projects.

I have served on the Social Board 6 years, with 2 years as Treasurer and 2 years as President. VO Foundation, served 3 years as President. Bocce Ball Club served 3 years as President, Hams at Heart and Ceramics, helped with orientation guidelines. I served on various committees reorganizing the outlay of Out-Lines Committee, Governance Ad Hoc Committee, start of moving Pickleball to another place. Served on the committee for reviewing other revenue, work with Bocce's 3 fundraisers, help with homecoming, Christmas decorations Activity Offices. Chosen "Star Volunteer," helped in Church service in Ballroom Sundays as a greeter, reading scriptures and collect offerings. Served on Condo Board nominating committee twice. Periodically say prayer for Condo and Social Boards and do Tuesday night Bible Study.

I love Venture Out, everyone pitches in to help whatever is needed to be taken care of at the time. We are so fortunate to be here to keep us healthy and happy. I want to be part of making VO the premier park that it is.

# Board Nominees

**Greg Shelby**

My folks lived in Venture Out for twenty-seven years and introduced me to the wonderful lifestyle of the park. I'm proud to be a second generation resident.

My wife, Cheryl, and I have been owners since 2000. At the time we purchased our home we were too young to live in the park but had a wonderful renter for twelve years. In 2013 we began spending winters here at VO and in 2016 became year-round residents.

My background is in sales. I spent more than twenty-five years in the television industry as the national sales manager for several different stations. This position required me to learn the art of win-win negotiations. I also served for thirty years in the Army National Guard, retiring in 1999 as a Lieutenant Colonel. My military assignments were in the public affairs field. I graduated from Brigham Young University with a BA in communications in 1974.

In 2013, I was asked to run for one of the three open positions on the Social Board. I was honored to receive enough votes to be selected as a director. During that three-year term I gained valuable experience seeing how Venture Out operates. As president of the Social Board for a year and a half, my duties included being the liaison to the Condo Board, the Planning Committee and the Transmittal Committee.

Now, as a candidate for the Condo Board, I am confident that my work experience as a win-win negotiator will be valuable as the board considers motions and improvements that will contribute to the future of VO. Knowing the workings of the various boards and committees has provided me with a sound understanding of how they all need to work together for the good of the park.

I look forward to again being of service to Venture Out and would appreciate your support.

**Byron Snowden, 125 Merlin, I have lived in Venture Out for 13 years and have been an owner since 2007.**

My occupation was as a Technical Service Engineer working with an international customer base seeking solution to various maintenance and operational problems. We moved 11 times over my career and each time I found that volunteering to help in local schools and church activities integrated our family faster and fuller in the new location. As far as civic involvement I served on 4 county or municipal Planning and Zoning Boards in 3 different states. Finally, I was on 2 different HOA Boards, one of which was a start-up board.

My work life and volunteer endeavors required that I embrace compromise, be open to evolving environments and changing goals, and support collaborative efforts to achieve the organizational goals while staying true to the rules and regulations of the organizations.

At VO I have served on the Facilities Planning Committee (7 years, 2 as Chair); the Governing Documents Committee (3 years); and now as Chair of the new Communications Committee. As the FPC representative, I participated on the subcommittees working on the Glass Arts development, the EPC project, the NE Sports Plex project and the latest versions of the VO Long Range Plan.

As far as club activities I am a member of the Electronics Club, Rock and Gem Club, Bocce Ball, and Pickleball Club.

Between my work life and volunteer efforts I have been on numerous boards, committees and study groups where I learned 3 important lessons:

- Never assume that there is only 1 solution.
- Never ever assume you are the smartest person in the room; you will be disappointed.
- Always listen to all input because the solution to the current issue is often hidden in the compilation of the suggestions and ideas of many folks.

I believe in VO and will support all efforts to maintain VO's quality of life and quality of facilities.

**February 8, 2019**

This week's occupancy is 1598 or 91% vs. 1576 at the last reporting and 1633 a year prior. There are currently 427 renters in the park.

Ballots are slowly coming in, a total of 737 now, so we are still short of a quorum. Even though we do not have any burning issues, we still need to have you vote to meet quorum. Please check your e-mail and your spam mail for your ballot if you have not already voted. The annual election is next Wednesday February 13<sup>th</sup> at 1:00 P.M. in the Buena Vista Ballroom. We will see you there!

This month, we have been evaluating all the roof top HVAC units at the Community Center. The reserve study has these units scheduled to be replaced in this calendar year. I thought we could probably get a few more years out of them *until* it was pointed out that these units all use freon or R-22, which will no longer be available for use after January 1, 2020. If any unit sprang a leak, (which we have had a few), we would not have the necessary refrigerant readily available for a leak. There are options, that they call 'drop in' replacement refrigerants, that may or may not work with the units, but they are likely to not cool as well as freon and can have as much as a drop of 15% in efficiency. In these cases, older units plus repair costs vs. the better efficiency of the new units, it makes sense to replace.

That of course made me think, just how many older HVAC units do we have out there? How many older HVAC units are on homeowners' homes? This also applies to refrigerators. This would be a good time to assess how old your AC is on your home as well as refrigerators and if manufactured before 2010, you might want to make a plan to eventually replace these on your time schedule rather than when an emergency forces you to do so.

A big improvement this summer will be installing a new 12" drain pipe in the retention basin of the pet walk. This is a combined effort with the City of Mesa and will have the same affect as a drain in the bottom of the bathtub. We will be able to empty the basin directly into the City storm sewer system. For the year-round residents that are often having to put up with two to three days to drain the basin, and only with Roosevelt Water Districts approval, this will be a game changer. If we can start to empty the basin the minute it rains we hope it will lessen the flooding issues in that area. The Infrastructure Committee has been working on this project with the City.

Another project that the maintenance staff assisted by the Architectural committee, brought to our attention, was asking that all owners replace their galvanized pipes into the unit each time a new standpipe and valve are replaced. Prior to recent Board action this was not required. Galvanized metal results in electrolysis caused by the interaction of dissimilar metals. That results in corrosion and the pipes eventually fill with rust deposits. We have been finding some pipes with only pinhole water delivery. Staff has been replacing many standpipes and saddles (the tap into the water line) and we plan to do a methodical replacement program starting with all new builds, but also focusing on the west side of the park which is older. There will be a lot of digging back in the easements to get this done. That will segue us right into the next favorite topic... Clear the easements. But I will leave that for a presentation in March.

I hope you all have a wonderful weekend.

Venture Out Condo Board Presidents Comments  
for February 8, 2019

The following is a summary of our January 21<sup>st</sup> and 31<sup>st</sup> Board meetings.

A report from the **Phone and Internet Task Force** was given by Bruce Johnston. The Task Force recommendation, for Phase 1 is “to provide administrative VoIP (voice over internet) phone and internet services”. This service would be provided in all common areas. It appears to be a very good idea that would provide better service, upgrade our phone system and save money. Nothing would be provided to individual units in this phase. Phase 2 would look at how to provide internet to Residents. We will have had another report yesterday at our 2/7/19 meeting. I will report on that in the future, but to get the information sooner you could watch Channel 17.

A **Transmittals report** was given by Ken Winters and they were routed appropriately for further study or for a cost estimate to allow for discussion in Budget meetings. I would remind everyone that just because you submitted a transmittal, there is no guarantee that it will be done.

We did pass a motion to keep the **back gate open** until 10pm, this was after reconsidering information from Residents and Security staff. New signs will be posted re the hours change.

Also passed were motions to **raise the rates** in both the RV pull through area and in the RV storage area. These rates had not been increased since 2016. I did remind everyone that there is no guarantee that the RV storage area will be there forever. As the last bit of open space in VO, it will definitely be considered as the location for a future Hobby Center.

A motion was passed to change out more **street lights and to improve more streets** and the valley gutters that run down the middle of the streets and channel the water when it rains. We are getting cost estimates on both of these and the work will only be done if it is included in next years budget.

Speaking of **next years budget** – and remember that our budget runs from July 1<sup>st</sup> through June 30<sup>th</sup> – we will be meeting the week of February 25<sup>th</sup> to develop the budget. We meet every morning that week in the Oasis starting at 9am. You are welcome to attend!

Our work sessions covered **future staffing needs and wages**. As Arizona increases their minimum wage in 2020 and as many fast food restaurants starting wage is \$15 per hour, it is harder and harder to attract entry level and seasonal workers. We may be looking at an increase to the budget of up to \$200,000 in payroll and benefits over this next year. We will be talking about this in our budget meetings.

We also talked about whether a “**face lift**” for the **Administration Building** could modernize its appearance and functionality enough to keep it going for a # of years into the future. Versus a complete rebuild. The architects will be including that concept in their evaluation of us.

Last but not least we are exploring **credit card** use for assessment and other payments, **galvanized pipes and fire pits**. We are nothing if not versatile!

As I have said before, plan to attend our **Annual meeting and election** on February 13<sup>th</sup> in the Ballroom at 1pm. You will hear updates from many committees, be able to ask questions and also from the Directors that will be leaving the Board at the end of this meeting. The new board will then meet the next day to elect officers and the day after for orientation.

I cannot believe how fast the year has gone! See you at the meeting.  
Alice Anderson, Condo Board President

Social Board President  
Social Board  
February 8, 2019

We are well into the season and currently working with clubs in preparation for our upcoming budget sessions.

Please remember that all fund-raising monies are turned over to the Social Club to be used in equipping clubs and the park with tools, equipment, furniture and fixtures. No money comes directly to the **Social Board** as some seem to believe. The Social Board manages the funds to help clubs obtain and maintain the standard they have set.

Remember too, that clubs, and the Recreation Department, raise funds to also assist in the purchase of all furniture and equipment in the common areas. One cannot equate money earned with money spent or compare amounts of money earned with other clubs as we are all in this together; supporting each other. That's what makes us different from other resorts and one of the reasons we are the envy of other parks.

The Adhoc Committee for the Concert Series has met and has a plan – information regarding this will be forthcoming. Watch the Out-Lines and a Fastmail for details.

# *Venture Out Memorial Trust Fund*

The Venture Out Memorial Trust Fund, suggested by former owner Chet Rice and created by the Social Board, decided to offer the opportunity for families and friends of deceased residents to contribute money to a fund used for the benefit of all the residents in the park. Instead of placing small individual plaques throughout the park, a number of large plaques with the names of those memorialized would be hung in the Community Center.

This trust, established in 1995, is separate from all other funds and is administered by a committee appointed by the Social Board. The committee has its own financial account.

Since its inception, the Memorial Trust Fund has helped to purchase the following items: microphone and sound equipment, equipment used by Channel 17, a large contribution toward the building of the elevator in the previous Community Center, the purchase of computer and equipment for the AV group, the cost of applying for the Tax Exempt Foundation, money toward expenses for the construction of the Barbecue Pit area, and in 2015, \$3700 for 10 benches throughout Venture Out.

The committee follows definite guidelines. Any contributions received are considered *CASH GIFTS*; therefore, any *DESIGNATED GIFTS* cannot be accepted. All checks are to be made out to Venture Out Social Club.

The cost of the bronze nameplate, the engraving, the stationery and postage used for communicating with relatives of the deceased totals nearly \$25 per person.

When making a contribution to the Fund, be sure to indicate that you want your donation to go to the Memorial Fund so that it will be used for engraving the memorial plaques and be placed in the Memorial Account to fund such projects as are listed above. Contributions must be at least \$25. More is appreciated.

We urge you to view the plaques on the wall near the Sonoran in the Baja Bistro. **For those who wish to pay it forward (purchase your plaque now), you may do so, but at a minimum of \$25; again, more is appreciated.**

We are open for suggestions for how to spend some of this money. Please feel free to contact any of the Committee members listed below:

Marlice Fenske — Secretary/Treasurer
