YOUR SOCIAL CLUB NEEDS YOU!

The Social Club Nominating Committee is currently seeking individuals to serve on your Social Board. There are three positions to fill this year; all three-year terms.

Many of you have the talent and skills needed for this Board. If you have basic computer skills, are a team player, have the ability to organize, enjoy working with people and have no personal agenda you would be an excellent candidate to serve your community in this area.

Hopefully, Covid-19 will soon be behind us and we can once again enjoy the many activities and events offered by your Social Club. We need good, willing people to help get us back on track.

If you are interested or know someone who you feel would be a good candidate, please contact a member of the nominating committee.

Architectural Committee

Are you planning to make improvements to your property?

Are you going to remodel your park model and/or Arizona Room or replace your park model?

Does your plans include any changes to electrical and/or plumbing?

Do you have the permits needed to be in conformance with Venture Out requirements and City of Mesa Building Code?

Have you had your property surveyed?

If you are relocating your electric service, has SRP been included?

Do you have a licensed contractor under contract or plan to?

These questions are intended to share with you some of the steps you may need to take to make sure you follow all rules and regulations that may apply to your project.

The Venture Out Architectural Committee is conducting an informational meeting on Tuesday, January 26, 2021, at 10:00 am, at the Patio. Keith Kettle, VO Architectural Inspector, will be present to answer questions you may have. Contractors are usually present to answer building related questions.

Starting out right and doing all work correctly will usually help to avoid redoing items that could have been handled right to start.

Bring your questions and we will make every effort to help you accomplish your mission and be proud of your finished product.

Safety & Security Committee

Welcome back to those who have just arrived. We trust you had an enjoyable holiday season. The Safety and Security Committee focus for January is on **Walking** and **Bike Safety**.

WALKING SAFETY

Walk facing the oncoming traffic.

Always walk on the sidewalks (especially at night).

Wear light colored clothing. Carry a light that can be seen from both front and back. A reflective vest is strongly recommended.

Be aware of vehicles with bike racks and trailer hitches when passing driveways.

We recommend you don't use your cell phones when walking, cycling or driving. We tend to get distracted and are less alert to potential danger.

Speaking of being distracted, we recommend not wearing ear buds. Texting while walking can also be very dangerous.

Use extreme caution when walking behind parked cars. Don't assume drivers backing out have seen you.

Wear your Venture Out name badge to aid in identification should an incident/accident occur.

BIKE SAFETY

Bikes are required to treat stop signs and all other traffic rules the same as cars.

There is a center cut out on the speed bump to be used by cyclists. Please don't use sidewalks.

Have a front and back light for use when riding in the dark.

Lock your bike when not in use.

At intersections, stay in your lane, don't cut corners.

Ride with traffic.

Wear light colored clothing and the recommended reflective vest.

Use hand signals at intersections

Report (to security) any obstructions at corners, such as bushes, shrubs, etc.

Please don't wear ear buds when riding.

Try to be five feet away when passing any parked car.

Wear your Venture Out name badge to aid in identification should an incident/accident occur.

COVID-19 PREPAREDNESS

VENTURE OUT

The following information is derived from the Guidelines and Recommendations issued by the Center for Disease Control and Maricopa County Department of Public Health. The intent is to provide the residents, renters, guests, and contractors in Venture Out with information regarding how we can: prevent, recognize, report, and control the spread of the COVID-19 virus. In addition how we can individually and as a group work together to control the spread of the virus. The level of preparedness is reflective of the current levels of COVID-19 in and outside of the local community.

Venture Out Administration will follow up on notifications of a positive case in the park, with contact tracing and notifying any person known to have been exposed, based on their proximity to a person who may have the virus.

Information in ***Italics*** is excerpted from Center for Disease Control (CDC) and Maricopa County Dept of Public Health

Travel: Frequently Asked Questions, Nov 21, 2020 - CDC (1)

Can traveling to visit family or friends increase my chances of getting and spreading COVID-19?

Yes. Travel increases your chances of getting and spreading COVID-19. Before you travel, learn if COVID-19 is spreading in your local area or in any of the places you are going. CDC does not require that domestic travelers undergo a mandatory federal quarantine but does recommend you take everyday actions and reduce nonessential activities for 14 days after you return from travel to protect others from getting COVID-19:

Traveling to and arriving at Venture Out

Persons arriving at VO may consider staying in quarantine for 10 days. Consideration may also be given to obtaining a COVID-19 test at a local testing facility.

When to Quarantine – CDC (2)

Quarantine is used to keep someone who might have been exposed to COVID-19 away from others. Quarantine helps prevent spread of disease that can occur before a person knows they are sick or if they are infected with the virus without feeling symptoms. People in quarantine should stay home, separate themselves from others, monitor their health, and follow directions from their state or local health department.

Symptoms of COVID-19 – CDC (3)

- *People with COVID-19 have had a wide range of symptoms reported – ranging from mild symptoms to severe illness. Symptoms may appear **2-14 days after exposure to the virus.***
- **Symptoms:** Fever or chills, Cough, Shortness of breath or difficulty breathing, Fatigue, Muscle or body aches, Headache, New loss of taste or smell, Sore throat, Congestion or runny nose, Nausea or vomiting, Diarrhea

Isolation if You Are Sick – CDC (4)

- ***Isolation** keeps someone who is infected with the virus away from others, even in their home. **Who needs to isolate?***
- *People who have symptoms of COVID-19 and are able to recover at home*
- *People who have no symptoms (are asymptomatic) but have tested positive for infection with SARS-CoV-2*

What to Do If You Are Sick – CDC (5)

If you are sick with COVID-19 or think you might have COVID-19, follow the steps below to care for yourself and to help protect other people in your home and community.

Stay home except to get medical care – Self Isolation

It is essential for your safety and that of the other residents of the park that you self-isolate.

- **Stay home.** Most people with COVID-19 have mild illness and can recover at home without medical care. Do not leave your home, except to get medical care. Do not visit public areas.
- **Take care of yourself.** Get rest and stay hydrated. Take over-the-counter medicines, such as acetaminophen, to help you feel better.
- **Stay in touch with your doctor.** Call before you get medical care. Be sure to get care if you have trouble breathing, or have any other emergency warning signs, or if you think it is an emergency.
- **Avoid public transportation, ridesharing, or taxis.** Separate yourself from other people

As much as possible, stay in a specific room and away from other people and pets in your home. If possible, you should use a separate bathroom. If you need to be around other people or animals in or outside of the home, wear a mask.

Tell your close contacts that they may have been exposed to COVID-19. An infected person can spread COVID-19 starting 48 hours (or 2 days) before the person has any symptoms or tests positive. By letting your close contacts know they may have been exposed to COVID-19, you are helping to protect everyone.

Preparing for When Someone Gets Sick CDC (6)

Considerations for Retirement Communities and Independent Living Facilities – CDC

- **Advise Sick Individuals of Home Isolation Criteria**
 - Sick workers should not return to the facilities or end isolation until they have met CDC's criteria to discontinue home isolation.
 - Have ill residents seek advice by telephone from a healthcare provider to determine whether medical evaluation is needed.
 - Residents are not required to notify administrators if they have a confirmed case of COVID-19. If you receive information that someone in your facility has COVID-19, you should work with the local health department to notify anyone in the building who may have been exposed (had close contact with the person who is ill) while maintaining the confidentiality of the ill person as required by the Americans with Disabilities Act) and, if applicable, the Health Insurance Portability and Accountability Act
 - Encourage residents with COVID-19 symptoms and their household members

and close contacts to self-isolate – limit their use of shared spaces as much as possible.

- *Those who have been in close contact with a resident who has confirmed or suspected COVID-19 should monitor their health and call their healthcare provider if they develop symptoms suggestive of COVID-19*
- **Notify Health Officials and Close Contacts**
 - *In accordance with state and local laws and regulations, retirement communities and independent living facilities should notify local health officials, residents, workers, volunteers, and visitors of cases of COVID-19 while maintaining confidentiality in accordance with the Americans with Disabilities Act (ADA) .*
 - *Inform those who have had close contact with a person diagnosed with COVID-19 to stay home or in their living quarters and self-monitor for symptoms, and follow CDC guidance if symptoms develop.*

ARE YOU A CLOSE CONTACT OF SOMEONE WITH COVID-19?

MARICOPA COUTNY CDC (7)

- *You are considered a close contact of someone with COVID-19 if you were exposed to the sick person for more than 10 mins and within 6 feet or less, or.*
- *You live in the same household*

When Public Health is notified that a person tested positive for COVID-19, we investigate all the places and people the person who tested positive was in contact

with, starting 48 hours before their symptoms began. This can include household contacts, workplaces, healthcare workers, and other close contacts.

Public Health then reaches out to close contacts to inform them of their exposure, provide instructions for next steps, and connect the contact to resources that can support them as they watch for symptoms and reduce risk of spread.

How You Will Find Out: *If you have questions about the validity of a phone call or text you received from Public Health, you can speak to a contact tracing specialist at 1-855-414-4673.*

To help facilitate our contact tracing efforts, Public Health reaches out to close contacts of lab confirmed COVID-19 cases via phone call and text message to inform them of their exposure. On the phone call, we will provide instructions for next steps and connect you to resources that can support you and your family while watching for symptoms and reducing risk of spread.

For those with mobile phone numbers, you also may receive a text message from Public Health, with a link to a secure, confidential online form with a few brief questions. Once you submit that to us, we can then send specific information about when you were exposed and what to do during the next 14 days. The form will take less than 5 minutes to complete. It includes questions about:

- *Name*
- *Date of birth*
- *Best contact information*

Note: If we are unable to reach you by phone, we may also try to reach you through text or email, letting you know that we have important information and to please call us back

What You Will Be Asked to Do

Once you are identified as a close contact of someone with COVID-19, Public Health will provide you guidance about next steps. You will be asked to:

Stay home as much as possible, except to get essential medical care, prescriptions,

and food. In some cases, you may be allowed to go to work. See Quarantine Guidance for Household and Close Contacts.

Sign up for SARA Alert, an electronic symptom monitoring system that sends a daily email, text message or phone call asking if you are experiencing any symptoms of COVID-19. Symptoms of COVID-19 can occur from 2-14 days after exposure.

If you do not develop symptoms within the 14-day time frame, you will stop receiving SARA Alert reminders and are no longer at risk from that exposure.

If you develop symptoms within the 14-day time frame, Public Health will reach out to you to discuss your symptoms, how to get tested, and what you should do to address your symptoms and prevent spread. If your test comes back positive, the process will start over with interviewing you and notifying your close contacts of their exposure.

If you are currently experiencing COVID-like symptoms, you should contact your provider or go to a testing site to be tested for COVID-19. If your test comes back positive, the process will start over with interviewing you and notifying your close contacts of their exposure.

2021 Condo Board

JOHN VARNER, 510 AERO

Joni and I have been lot owners since 2007 and reside here December through April every year. Our other residence is in Longville, MN. We have been happily married for over 40 years and have two children. We are both retired from public education careers.

I was a Superintendent of Schools in two Minnesota districts for a total of 18 years. Previously, I served as a business manager of a large district and later as a Vice principal and High School principal. I started my career as an English teacher and coach.

I served four years in the US Army (Infantry) and before that built boilers and painted houses. I have been active in leadership roles in the American Legion and the Lions Club in the past. I have served on church councils in three different churches, and I am a member of Salem Lutheran Church in Longville, MN.

While I have not actively participated in any VO Clubs, I have participated in the genealogy group and attended many events and activities in the park. I enjoy off-roading in the surrounding desert and want to start an off-road group in VO. I believe that I would be an objective Condo Board director as I am not beholden to any particular group, club or organization within the park.

I have served on many boards in my life. I understand the workings and psychology of working on a board, and I believe I can help the Condo Board succeed in its mission to meet the needs of VO residents as efficiently as fiscally possible.

JIM VAN HEULE, 802 AZTEC

Kris Knox (wife) and I started visiting VO family in 1987, becoming seasonal residents 11 years ago and 2nd generation owners in 2012. As permanent AZ residents we spend 7+ months at VO while retreating to higher elevation during the summer heat.

My life has been colorful including being a paperboy, KFC cook, shoe salesman, 7-11 clerk, hospital floor finisher, tallow tester, college graduate, genetic research assistant, brick layer, chemist, color specialist, marketing manager, AOL moderator, speaker, conference owner, committee member, dad, uncle, technical director, writer, programmer, project manager, VP, owner, CEO, internet guru, vestry member, REALTOR Associate member, Facebook group administrator, photographer and more recently grandfather, retired and traveler.

All of those life experiences gave me the tools to be a good listener, communicator, problem solver and fiscally responsible. (I'm pretty sure that I have also managed to retain the skills to expertly sling a newspaper, or wax a floor if the need arises.)

Kris and I have been living the good life of retirement these past years at Venture Out and summering at Juniper Ridge. (Recently retirement has taken on a colorful twist that includes mastering the art of social distancing, movie binging and masking.) Through all this though, I still found time to volunteer including:

Juniper Ridge: administrator/photographer/poster for two Facebook groups, architectural committee, governing documents committee

Venture Out: Group reviewing EPC exercise room needs, communications committee, photographer for VO Facebook, Outlines and the 2019 Fall Tennis Classic.

In all seriousness, the new Condo Board members will be facing several tough decisions. I feel that I'm up for that challenge and want to hear from you. Next time that you see a masked guy wearing a white wide-brimmed hat, stop and talk to him. That would be me.

Board Nominees

LIZ (BETTY) BRADFIELD, 721 NAVAJO

We have been homeowners since 2001 in VO and are here seven months of the year. I am married to Chuck, otherwise known as Charlie, and we have been married for 57 years. We live in Traverse City, MI on Bass Lake.

We have three children, nine grandchildren and eight great grandchildren. Our great grandchildren are in South Carolina, so we do not see them very much. Oh, by the way, we have two lake front properties and one island to sell.

I worked at the Chemical Bank, in the bookkeeping department. At Dow Chemical I was a Receptionist, worked in bookkeeping, purchasing and real estate. Then went on to Cosmetology school and worked as a Beautician.

After some time of staying home, I signed up for a Faux Painting class in Chicago. There I met two sisters and the three of us went to Kansas City, Florida Keys and other places of business Faux painting the columns in the White House and Black Market stores.

After that, I started working for an interior decorator and did several homes with my Faux painting. It was an exciting experience.

I also am responsible for coordinating the Shuffleboard supplies for all of Arizona's shuffleboard clubs. I was also was a member of the Condo Board from 2011 to 2014.

I now spend my time bowling and golfing. I also spend a good amount of time in the kitchen cooking and baking.

I look forward to working with Venture Out as a coordinator with residents of VO and management.

CINDY GOULD, 513 BOEING

Since 2016 we have been coming to Venture Out from November through April. My grandparents and parents came to VO in the mid 70's, my first of many visits through the years was in 1979.

I am a retired special education teacher with a master's degree who has worked with students at all disability levels K-age 21. For many years during my career I hosted the Special Olympics Regional track meet with 20+ communities involved and I was Junior Class Sponsor with major fundraising responsibilities. As a special education teacher I worked with many different computer programs gaining skills in Microsoft Office components and government and district student reporting programs. Annually I organized and hosted multi-agency educational and transitional meetings.

I believe it is healthy to volunteer in your community and have always done so. I am a past auxiliary fair board member, co-founded Minden Horticulture Society, volunteer tour guide at historic opera house and numerous officer positions in my church women's groups.

In my local community and VO I give free line dance lessons and participate in social bridge, pool parties, member of croquet club, help host Friday dances and more. I am a handy woman and have remodeled my older park model from top to bottom gaining skills I share with my neighbors and friends. They have quickly learned I will be there for them with physical assistance, knowledge and/or tools.

Presidents..... Linda Wallace..... 208-596-2748

Vice President.... Suzanne Schultz .. 480-577-8538

Sec/Treasurer .. Diana Tokarchuck. 480-654-8239

We are a club of beginners and experienced VO writers sharing our works in poetry, prose, fiction and personal stories. We emphasize freedom, creativity and uniqueness of style.

Each week one of our members gives us a writing subject. This challenge can expand with suggestions to write in a specific genre, a particular voice or style. Some of us choose to do this assignment, others write on their own interests. However, the challenges do give an impetus to write. The next week we return with our pieces and, in a nurturing environment, share them with the group for constructive feedback.

The new storage shed has been erected and is already being put to good use. Thank you so very much to the anonymous donor and other supporters.

Recreation Update

January 15, 2021

If you love pizza you will want to head over to Fired Pie for the Meal Deal offered to Venture Out residents on Monday, January 18. Present the flyer from this edition of the Out-Lines when ordering and 20% of your bill will be given back to your Social Club.

This season, as part of their fundraising efforts, the Electronics Club not only offers FAX and laminating services but you can now bring documents for shredding. See their ad in this edition of the Out-Lines for further information.

The response for the PDY Sale has been fantastic! Take the insert from today's Out-Lines and chart your shopping experience with the official vendors on Tuesday, January 19 from 9:00 am - 1:00 pm. A map has been included to assist you in this effort. Enjoy, be safe and hope you find many treasures!

There's still time to sign up for the Thursday, January 21 Seymour's "See More" Scavenger Hunt. Eight clues will take you to eight of Seymour's favorite VO haunts where you will meet eight of Seymour's friends. Return with all eight friends within an hour and your name goes into a pot for one of three great prizes. A fun way to spend a beautiful afternoon in Arizona.

Look for the Shuffleboard Ice Cream truck every Monday as it makes its way through the park between 12:00 pm and 2:30 pm selling your favorite ice cream treats. You'll hear them coming by the old-fashioned ice cream truck music.

There will be two fantastic food trucks offering lunch in the Community Center Parking lot on Tuesday, January 26 from 11:00 am until 1:00 pm. The Old School Grub truck returns with the BEST, fresh, hand made burgers you'll ever taste, and Tommy's Grill Company has a Southwestern Italian pizza which will knock your socks off. Feel free to take your lunch home or enjoy on the patio at the BBQ area. Be sure to wear your mask and social distance when standing in line to order.

Currently there is a great need for blood at all our hospitals. Please consider giving blood when the Vitalant Blood Mobile comes to Venture Out on Wednesday, January 27. Sign up is required in the Activity Office. Call 480-832-9000 or stop in to sign up today.

While the Happy Hour scheduled for January 22 is waiting list only, we will have two Happy Hours scheduled for the month of February so get your reservations in early.

The National Yoga Alliance recommends that due to Covid-19 individuals participating in yoga classes need to provide their own fitness equipment. This recommendation will carry over once the pandemic is behind us. As a result, we have various items for sale including mats, straps, blankets, blocks and bolsters. Prices can be found in an ad in this edition of the Out-Lines and items may be viewed and purchased from the Activity Office during normal business hours.

Tune to Channel 17 on Monday, January 25 at 4:05 pm to watch a lecture presented by resident Rene Moquin on his latest journey to China. Hear about the culture, food and traditions of the Chinese people as he experienced it by volunteering through Global Volunteers. If unable to catch this showing, the lecture will be repeated daily at 4:05 pm for a two week period.

Sign up in the Activity Office and plan for lunch and a show at the all-time favorite Organ Stop Pizza on Thursday, January 28. If you haven't seen a performance on the mighty Wurlitzer Theatrical Organ you have missed out!

I realize the month of March is a bit into the future but it's not too soon to start planning for the St. Patrick's Day Golf Cart and Bike Parade. Mark your calendar for Wednesday, March 17 and start getting your game on!

Thank you to those who donated cash at the January 8 Book Bonanza. Every little bit helps your Social Club.

There are two spots available for the Barn Quilt Class to be taught by Elma Becker on Wednesday, January 20. Sign up in the Activity Office today.

The last Poker Run on December 4 netted the winner well over \$100. For a \$4.00 initial investment that isn't a bad profit. Sign up for the January 27 Poker run in the Activity Office and you just might be the next winner!

Stay safe.....please remember to wear your mask and social distance wherever you go!

Manager's Corner

January 15, 2021

This week's occupancy is 989 or 57% vs 888 at the last report and 1597 one year prior. There are currently 183 renters in the park.

During this difficult time in Arizona, we must all work together to try to stop the spread of Covid 19. The new case numbers outside these four walls are setting records daily. Inside VO, we still have had remarkably few reported active cases. At this time, we are still under 20, but we cannot get too secure. Almost every person that reported in, felt that they did everything they could to protect themselves and were uncertain how they were exposed. The answer quite simply, is that any person you meet, is a potential source of the disease. The best strategy is to isolate, until you can get your vaccinations. Even after getting a vaccination you could still get Covid, but you should have enough antibodies to fight it off and not be transmissible (according to the information we are hearing and reading).

We have been trying to assist residents, who are computer challenged, to sign up on the Arizona Department of Health website. The Block Captains have volunteered to do this. If most of the residents register themselves, that is the best option. The rollout is problematic right now as everyone rushes to sign up. Often the system is overwhelmed, due to the demand. I would recommend you try to register late at night or the early hours of the morning. Supposedly there is a phone in option, but each time we have tried, that phone number has not worked. Once its viable we will get the information out, via FASTMAIL. Go to <https://podvaccine.azdhs.gov> to register online. Prior to registering, print out the step by step guideline for scheduling found at https://www.maricopa.gov/DocumentCenter/View/65944/AZDHS-Vaccine-Portal-Guide-PODs_compressed which will make it much easier.

As more locations are opened for vaccinations the process will get easier. Right now, the Glendale Cardinal's stadium is the best location to get an appointment. When that site is fully operational, they will vaccinate 6000 a day, or 180,000 a month just at that one site. That is a drive through system and seemingly the easiest, most comfortable way to get your vaccination. As of today (Tuesday) only three locations in the valley are still open for appointments, the State Farm Stadium, The State Fairgrounds, and Banner Hospital in Sun City. Nothing is available on the east side for the time being. The Department of Health recommends that you continually try to sign up, because some people cancel, and spots may suddenly be available.

Covid has placed an entirely new set of responsibilities on our Administrative & Activity offices. I would ask that everyone be patient with staff, as we are trying to help many residents navigate this sign-up process. We still have the normal park business to do, along with Covid.

Zoom meetings are our method of communication with residents. We have one 'virtual meeting room' that we must allocate between all the committees and the Boards. So that makes it a little more difficult when it comes to scheduling. All meetings, both Board and Standing committee are published online on a Zoom calendar. You only need to go to that calendar, click on the meeting at the appropriate time and join in. The Meet the Candidates meeting was held via Zoom and the Annual Meeting will be held the same way in February.

The electronic ballots were sent out this week, and the mailed ballots will not be far behind. We must send out a ballot each year, so that the lot owners vote to roll over any excess funds to the next budget year, as required by the IRS, to avoid having those funds taxed as if income. So please return your ballots. We must achieve a quorum and it only takes a few clicks to get that done.

If you have been following the Board meetings, you know that with reduced salaries in some departments, due to less staff; reduced utilities with the buildings shut down; and some savings all the way around on various expenses, we are managing to do 'better than plan' on our annual budget. This is despite increased security costs and janitorial costs and some reduced revenue in the RV's. Janitorial costs were increased, since we clean everything multiple times a day and repeatedly use our '360 electrostatic cleaners' to sanitize large areas, seven days a week.

As we worked through our lists this week, for notification on vaccines, I see that we still have a sizeable group of seniors that do NOT have e-mail addresses registered with us. Also we have a number of renters who have not registered an e-mail with us. If you want to receive FASTMAIL notifications and you do have an active e-mail that you use on a regular basis, please contact Darlene at the Admin office 480 832 0200 and make sure she has that on file for you.

I want to thank the staff, they have never wavered and reported to work each day to keep VO as safe and as clean as it can be, and with safe social distancing practices only one employee has gotten sick.

I also want to thank the Boards and the Committees who have had to deal with the 'new normal' and try to conduct normal business in a timely fashion, at the same time focusing on Covid.

Finally, thanks to the Residents, who in this unprecedented time, are doing the best they can to keep themselves and their neighbors safe. We have only a few more weeks and everyone in the park that wants to be vaccinated should be vaccinated. Perhaps we can have a mask burning party when this is all over. Until then please stay safe.
