Big ways to save water **1.** get a **free, low-flow shower head** from the Admin Office when you turn in your old one. **2.** Use a **commercial car wash** that recycles its water instead of the one provided in the park. **3.** **Sweep and collect the dust** from decks and driveways rather than hosing the dirt into our streets.

VO's **Shriners** collect the **empty aluminum beer and soda pop cans** deposited in containers at both pools, the laundry, the pickle ball court, bath house #1, and the recycling stations near the pet park and near RV storage, **where you can smash your cans**. The proceeds go to the Shriners' Hospital for Children in Salt Lake City.

Monthly Desert Landscape Awards go to VO owners who have designed a pleasant front yard of native plants that use low or no irrigation. Photos of winners found in the Outlook, at the Grapevine, and on our bulletin board in the post office.

To improve and enhance the landscaping on our park's **inner and outer perimeters**, we are promoting a plan to establish native shrubs and some trees in barren areas. Upon approval volunteers will be needed to assist with a weekly watering schedule starting in November 2021 and continuing for a year.

Next monthly zoomed meeting on Wednesday, March 10 at 3:00 PM. Come join us. Consider becoming a member. Be the change you want to see, meet new people, and have some fun doing it.

COVID-19 PREPAREDNESS

VENTURE OUT

The following information is derived from the Guidelines and Recommendations issued by the Center for Disease Control and Maricopa County Department of Public Health. The intent is to provide the residents, renters, guests, and contractors in Venture Out with information regarding how we can: prevent, recognize, report, and control the spread of the COVID-19 virus. In addition how we can individually and as a group work together to control the spread of the virus. The level of preparedness is reflective of the current levels of COVID-19 in and outside of the local community.

Venture Out Administration will follow up on notifications of a positive case in the park, with contact tracing and notifying any person known to have been exposed, based on their proximity to a person who may have the virus.

Information in *Italics* is excerpted from Center for Disease Control (CDC) and Maricopa County Dept of Public Health

Travel: Frequently Asked Questions, Nov 21, 2020 - CDC (1)

Can traveling to visit family or friends increase my chances of getting and spreading COVID-19?

Yes. Travel increases your chances of getting and spreading COVID-19. Before you travel, learn if COVID-19 is spreading in your local area or in any of the places you are going. CDC does not require that domestic travelers undergo a mandatory federal quarantine but does recommend you take everyday actions and reduce nonessential activities for 14 days after you return from travel to protect others from getting COVID-19:

Traveling to and arriving at Venture Out

Persons arriving at VO may consider staying in quarantine for 10 days. Consideration may also be given to obtaining a COVID-19 test at a local testing facility.

When to Quarantine – CDC (2)

Quarantine is used to keep someone who might have been exposed to COVID-19 away from others. Quarantine helps prevent spread of disease that can occur before a person knows they are sick or if they are infected with the virus without feeling symptoms. People in quarantine should stay home, separate themselves from others, monitor their health, and follow directions from their state or local health department.

Symptoms of COVID-19 – CDC (3)

- *People with COVID-19 have had a wide range of symptoms reported – ranging from mild symptoms to severe illness. Symptoms may appear **2-14 days after exposure to the virus.***
- **Symptoms:** Fever or chills, Cough, Shortness of breath or difficulty breathing, Fatigue, Muscle or body aches, Headache, New loss of taste or smell, Sore throat, Congestion or runny nose, Nausea or vomiting, Diarrhea

Isolation if You Are Sick – CDC (4)

- ***Isolation** keeps someone who is infected with the virus away from others, even in their home. **Who needs to isolate?***
- *People who have symptoms of COVID-19 and are able to recover at home*
- *People who have no symptoms (are asymptomatic) but have tested positive for infection with SARS-CoV-2*

What to Do If You Are Sick – CDC (5)

If you are sick with COVID-19 or think you might have COVID-19, follow the steps below to care for yourself and to help protect other people in your home and community.

Stay home except to get medical care – Self Isolation

It is essential for your safety and that of the other residents of the park that you self-isolate.

- **Stay home.** Most people with COVID-19 have mild illness and can recover at home without medical care. Do not leave your home, except to get medical care. Do not visit public areas.
- **Take care of yourself.** Get rest and stay hydrated. Take over-the-counter medicines, such as acetaminophen, to help you feel better.
- **Stay in touch with your doctor.** Call before you get medical care. Be sure to get care if you have trouble breathing, or have any other emergency warning signs, or if you think it is an emergency.
- **Avoid public transportation, ridesharing, or taxis.** Separate yourself from other people

As much as possible, stay in a specific room and away from other people and pets in your home. If possible, you should use a separate bathroom. If you need to be around other people or animals in or outside of the home, wear a mask.

Tell your close contacts that they may have been exposed to COVID-19. An infected person can spread COVID-19 starting 48 hours (or 2 days) before the person has any symptoms or tests positive. By letting your close contacts know they may have been exposed to COVID-19, you are helping to protect everyone.

Preparing for When Someone Gets Sick CDC (6)

Considerations for Retirement Communities and Independent Living Facilities – CDC

- **Advise Sick Individuals of Home Isolation Criteria**
 - Sick workers should not return to the facilities or end isolation until they have met CDC's criteria to discontinue home isolation.
 - Have ill residents seek advice by telephone from a healthcare provider to determine whether medical evaluation is needed.
 - Residents are not required to notify administrators if they have a confirmed case of COVID-19. If you receive information that someone in your facility has COVID-19, you should work with the local health department to notify anyone in the building who may have been exposed (had close contact with the person who is ill) while maintaining the confidentiality of the ill person as required by the Americans with Disabilities Act) and, if applicable, the Health Insurance Portability and Accountability Act
 - Encourage residents with COVID-19 symptoms and their household members

and close contacts to self-isolate – limit their use of shared spaces as much as possible.

- *Those who have been in close contact with a resident who has confirmed or suspected COVID-19 should monitor their health and call their healthcare provider if they develop symptoms suggestive of COVID-19*
- **Notify Health Officials and Close Contacts**
 - *In accordance with state and local laws and regulations, retirement communities and independent living facilities should notify local health officials, residents, workers, volunteers, and visitors of cases of COVID-19 while maintaining confidentiality in accordance with the Americans with Disabilities Act (ADA) .*
 - *Inform those who have had close contact with a person diagnosed with COVID-19 to stay home or in their living quarters and self-monitor for symptoms, and follow CDC guidance if symptoms develop.*

Phone: (602) 506-6900

For COVID-19 dial #211

ARE YOU A CLOSE CONTACT OF SOMEONE WITH COVID-19?

MARICOPA COUNTY CDC (7)

- *You are considered a close contact of someone with COVID-19 if you were exposed to the sick person for more than 10 mins and within 6 feet or less, or.*
- *You live in the same household*

When Public Health is notified that a person tested positive for COVID-19, we investigate all the places and people the person who tested positive was in contact

with, starting 48 hours before their symptoms began. This can include household contacts, workplaces, healthcare workers, and other close contacts.

Public Health then reaches out to close contacts to inform them of their exposure, provide instructions for next steps, and connect the contact to resources that can support them as they watch for symptoms and reduce risk of spread.

How You Will Find Out: If you have questions about the validity of a phone call or text you received from Public Health, you can speak to a contact tracing specialist at 1-855-414-4673.

To help facilitate our contact tracing efforts, Public Health reaches out to close contacts of lab confirmed COVID-19 cases via phone call and text message to inform them of their exposure. On the phone call, we will provide instructions for next steps and connect you to resources that can support you and your family while watching for symptoms and reducing risk of spread.

For those with mobile phone numbers, you also may receive a text message from Public Health, with a link to a secure, confidential online form with a few brief questions. Once you submit that to us, we can then send specific information about when you were exposed and what to do during the next 14 days. The form will take less than 5 minutes to complete. It includes questions about:

- *Name*
- *Date of birth*
- *Best contact information*

Note: If we are unable to reach you by phone, we may also try to reach you through text or email, letting you know that we have important information and to please call us back

What You Will Be Asked to Do

Once you are identified as a close contact of someone with COVID-19, Public Health will provide you guidance about next steps. You will be asked to:

Stay home as much as possible, except to get essential medical care, prescriptions,

and food. In some cases, you may be allowed to go to work. See *Quarantine Guidance for Household and Close Contacts*.

Sign up for SARA Alert, an electronic symptom monitoring system that sends a daily email, text message or phone call asking if you are experiencing any symptoms of COVID-19. Symptoms of COVID-19 can occur from 2-14 days after exposure.

If you do not develop symptoms within the 14-day time frame, you will stop receiving SARA Alert reminders and are no longer at risk from that exposure.

If you develop symptoms within the 14-day time frame, Public Health will reach out to you to discuss your symptoms, how to get tested, and what you should do to address your symptoms and prevent spread. If your test comes back positive, the process will start over with interviewing you and notifying your close contacts of their exposure.

If you are currently experiencing COVID-like symptoms, you should contact your provider or go to a testing site to be tested for COVID-19. If your test comes back positive, the process will start over with interviewing you and notifying your close contacts of their exposure.

JUDE JENSEN, 416 Merlin, I spend summers in Mounds View, Minnesota. I have been wintering in Venture Out for 8 years and been a homeowner since 2018. I am here 6 months of the year.

30 of my 44-year career was in supervisor and leadership positions in Corporate and Governmental entities. It involved working with large and diverse staff and clientele. Useful skills that I bring from this are budgeting and budget software. Also, I did special event planning for business meetings, retreats and celebrations.

Currently I have membership in Sunshine Carvers, Woodshop and Pickleball. I am the Vice President of Sunshine Carvers and the Gourd Art Instructor. I am the coordinator for "C" Group Pickleball Scrambles.

In the past, I was a member of Lapidary (2 years), Sewing (2 years), Clay Arts (1 year), Pet Association (3 years), Splashers (2 years), and Stitch and Chat for 4 years.

I believe the plethora of activities (sporting, hobbies, arts, music and games) all are the lifeblood of our community. I believe in the importance of varied activities and understand the value of having large clubs (pickleball, bocce and etc.) as well as small ones.

In order to conduct business at the Annual General Meeting the quorum shall be 10% of the Active Membership. A quorum will be

determined by the ticket count at the Annual Meeting as specified in Article IV, Section 2 of the By-Laws of the Venture Out Social Club, Inc.

Door prizes to include 2 tickets to the 2021-2022 Concert Series, 2 tickets to each of the Friday Night Dances, 2 tickets to New Years Eve Bash, an Arizona Basket, a Patio Fun Basket & More!

Board Nominees

RICHARD KANTAK, 906 Douglas, Nephi and I are from Seattle, Washington and have been homeowners since 2012, enjoying the park usually from November through April. We have two sons and four grandchildren.

I have actively supported and participated in the Pet Association and am currently serving as its President. I have interests in joining the Woodshop, Rock & Gem and Hiking Clubs soon. As a Social Club director though, I believe it's important to remember that we've over two dozen clubs across a wide variety of interests, each unique and yet with a common reliance on equitable resources, support, and opportunities.

I retired after 37 years at Boeing with an Electronics degree having worked in Engineering, lead and management positions. I managed division level Information Security/Governance and was a team leader adapting "LEAN Manufacturing" industrial methodology to a broader business and team deployable "LEAN Business Strategies" program.

I have many interesting and rewarding years of experience serving on boards that heavily relied on socializing and communication skills, and an ability to create environments where people felt at ease in expressing what were important to them.

Having served on various boards I've learned that being expressive doesn't mean having to talk, that understanding isn't the same as listening, and that sharing life's learnings is just as important as continuous learning throughout life. I am a consensus driven process, facts and data decision maker heavily relying on 360-degree communications and open professional relationships. I encourage participation and comradery, teaming and most important – creative brainstorming and out-of-the-box thinking.

I am more self-driven than most and while I don't know what makes a "great" director, I do know that good ones constantly hone and share their skill set. Directors must have abilities to set and reach goals, assign tasks and accept responsibilities, actively listen and effectively inquire, and know how and when to speak – all experiences I've learned over the years. I look forward to offering my experience and skills to the Social Board, contributing to its successes in reaching their goals.

Kay Biediger, 120 Navajo, I am from Missoula, Montana and have been here for 4 years and we live here 5-1/2 to 6 months of the year. Our first introduction to Venture Out was January – February 2017. We rented for the two months and by the end of our rental time, we purchased our Venture Out home.

I have a MS in Physical Therapy. My career included Assistant Professor at the University of Montana Physical Therapy Program for 6 years, then Director of Rehab Services for 25 years at Providence St. Patrick Hospital. I served as Secretary/Treasurer and President of Canyon River Ladies Golf League. I have served on the VO Social Board for 3 years, the last two on the Executive Team as Secretary and Vice President.

I have participated in numerous committees and have held leadership roles throughout my career, both professionally and recreationally. I have led team building exercises for rehab staff, led our rehab team to achieve accreditation status, have policy and procedures, and budgetary experience.

I have participated in Line Dancing, Pickleball, Glass Arts, Golf and Yoga, as well as classes in Lawn Bowling, Croquet and Shuffleboard. I served as a Glass Arts monitor for 2 years and also I attended Food Handler's classes.

I love the concept of volunteerism. Serving on the Social Board for the past 3 years, I have enjoyed meeting and interacting with wonderful people here at Venture Out. I have learned so much in the last 3 years and wish to continue serving one last term.

Steve Powell with the help and expertise of Kathy Blitgen and Marilyn Andrus will put on another fun Club tournament

March 5th and 6th. Watch Sign Up Genius for details. Remember, social gatherings are not permitted near the courts and masks need to worn when off the court. Let's all stay safe

SEWING CLUB

Linda St Andre
360-739-4409

A general meeting of the Sewing Club was held on The Patio with masks and social distancing observed. Members are sewing many household items that can be purchased from room monitors on weekdays **8:30 -11:30 am and 1:00-4:00 pm**. Placemats, table runners, aprons and microwave bowl covers are just a few items you can view in the windows of the Sewing Room and purchase to support the Social Clubs of Venture Out. Club members wishing to donate in cash, rather than sewn items, may give their donation to any room monitor. **March 1** is suggested as a date by which to make payment.

SHRINER'S ALUMINUM COLLECTION

Donate your emptied aluminum beer and soda pop cans in the grey containers with a Shriners' sign on the front. These containers are found at both pools, the laundry, the recycling stations near the pet park and near RV storage, and selected bath houses. The funds the Shriners' receive are donated to the Shriners' Hospital for Children in Salt Lake City. Paul Sylte and his team of Shriners would like to thank the help they receive from our maintenance staff who collect these cans from curbside recycling, and from Ron and Carol Stiers

and Suzie Picotte who continue the Shriners' aluminum can recycling all summer at VO. Unfortunately, we will not be holding our Annual Dance this year.

SHUFFLEBOARD

Please Register... YOUR PET

Annual pet registration is required at Venture Out. Proof of current rabies vaccination is needed for dogs. Upon registration, a tag will be issued which must be attached to the collar or harness of the pet.

Rules:

1. Pets are to be on leash unless in the gated pet exercise area. Maximum length 5 ft.
2. Always pick up after your pet.
3. Use the Entrance and Exits as marked. Doing so helps control odor for nearby residents and will assist with social distancing.
4. The pet wash is available for your use. Please bring and take your own supplies. Don't leave anything behind.

Recreation Update

February 26, 2021

It's going to be a Burger Blow Out at Venture Out this Saturday, February 27 with Tommy's Wood Fired Grill food truck serving gourmet burgers and sandwiches between the hours of 10:30 am - 1:00 pm in the Community Center parking lot. This is a real treat as Tommy Duncan Jr. certainly, knows his way around a grill because he was a competitor the Food network's Chopped, Chopped BBQ Masters and BBQ Pitmaster. Exciting, right?

Kudos once again to the Shuffleboard Club! To adequately cover the entire park with their ice cream sales on Mondays, they have commissioned another vehicle so that there are two trucks encompassing the area. Listen for the ice cream truck music between 12:00 and 2:30 pm every Monday to indulge in that special ice cream treat. Good thinking Shufflers!

There is still time to sign up in the Activity Office if you wish to join the lunch group heading to Organ Stop Pizza on Wednesday, March 3. \$9.25 buys you all the pizza and salad you can eat while being entertained with music from the mighty Wurlitzer Theater Organ.

While tickets are sold out for the Live at Noon Concert featuring the Venture Outlaws on Thursday, March 4 you can still get your name on a waiting list for cancellations. If anyone cannot attend this concert, PLEASE notify the Activity Office so that someone may take your place and enjoy the performance. Remember, masks are required for this event.

You never know what treasures in reading you might find at the Book Bonanzas so be sure to check out the one scheduled for Friday, March 5. The books are free for the taking but donations are greatly appreciated. This event takes place between 9:00 am and 3:00 pm outside the Post Office.

There are food trucks scheduled in the Community Center parking lot for the dates of Tuesday March 2 and March 9. Tuesday the 2nd features your favorite breakfast burritos between 8:00 am and 10:00 am while lunch of Po-Boys, tacos, wraps, BBQ, salads, and hand tossed pizzas will be the fare of the day on the 9th from 11:00 am until 1:00 pm. Hope to see you there!

If you have never taken the opportunity to tour the Commemorative Air Force Museum now's your chance! Sign up in the Activity Office to take part in a excursion scheduled for Wednesday, March 4 with the discounted rate for Venture Out resident being only \$10.00. You are asked to pay at the museum and to be sure to wear your mask.

Are you PLANNING how you're going to decorate your bike or golf cart for the St. Patrick's Day Parade? Prizes will be awarded! Be sure to sign up in the Activity Office if you plan to participate in this event. A parade route is available in this edition of the Out-Lines.

St. Patrick's Day is going to be quite busy not only with the parade but there will be a food truck featuring an Irish lunch menu as well as a Blarney Balloon Quest. What the heck is a Blarney balloon Quest? Well, find one of the 12 mylar St. Patrick's Day balloons around the park and return to the Activity Office for a prize. Please only one balloon per person. We want to share that pot of gold!

For all our creative types, be sure to join the Art Walk scheduled from Saturday, March 13. We'd love to see your creativeness be it a oil painting, glass art windchime, turned wooden bowl, hand made quilt or even a painted displayed in your front yard as we walk the park from 1:00 - 4:00 pm that day. There is such talent in Venture Out. What a great way to recognize it!

March is usually beautiful weather so there is no excuse not to get out for a bit of exercise and fresh air. Join the group who walk, run, stroll, or jog their way through VO for the 5K scheduled for Thursday, March 11 beginning at 10:00 am. There will be a short warm up session in the Community center Parking lot 10 minutes before the start of the walk.

Don't forget to submit those Room Reservation Requests for next season to the Activity Office by April 30. Forms are available in hard copy outside the Activity Office or digitally from the Fastmail sent out February 12 or on the Venture Out website.

Congratulations Tennis Club for the great Rummage Sale!

Manager's Corner

February 26, 2021

This week's occupancy is 1046 or 60% vs. 1047 at the last report and 1665 for the year prior. There are currently 194 renters in the park. Some of our Canadians that were in the park had to make a run for the border as Canada implemented expensive quarantine rules starting February 22nd.

With more people receiving vaccinations, however, the Administration office is suddenly receiving many notices for third party reservations and additional RV overnight rentals for the next two months. Some VO residents are finally after a year, taking a vacation and getting out and about again. Its good to see the change, but we still have a long way to go, getting everyone vaccinated. Guests are still not allowed in the common elements until such time that the Board feels confident, they can lift these restrictions.

Thanks to the Block Captains working with Electronics to assist in vaccine appointments. Many people have been signed up for their shots, without having to go through the frustrations of the web site. On Monday the 1st, the State and Maricopa County, will open the March appointments. If you have not already registered, get that done this weekend. That, in my opinion is the most difficult thing to accomplish. Once you are registered you can then access the site to make an appointment. It appears the State system is now a bit easier to find appointments once you are in.

We have had three more reported Covid cases this week, but the number of cases appears to be slowing down. Thanks to the Social Board and Clubs for getting us your e-mail rosters. Now if we have a roster in an excel format, we are sending out a FASTMAIL immediately to all members of the club letting them know the time of a possible exposure. Before, trying to call everyone was taking huge chunks of time and we were missing many who might have had a contact.

If you HAVE Covid or THINK you have been exposed to Covid, do not come to the office, and report it personally. Call us please! 480-832-0200

I have heard that some people do not know what "close contact" means. For some months now, in each Outlines there has been a 'Covid 19 Preparedness' insert. This six-page insert has just about anything and everything you need to know about Covid 19. Print it out or take it out of your paper copy and keep it handy. If you wish to have more specific information pertaining to Maricopa County, you can go on line to <https://www.maricopa.gov/5641/COVID-19-Vaccine>.

We have recently had several bike thefts in the park. This appears again to be an organized crew as it is also happening in parks around us. A FASTMAIL was sent out on this and is in this week's Outlines, Security Chief Chris King has a lengthy memo on what we are doing to try to catch/prevent this. The best thing we can do, is take the bikes in at night. Do not give them an easy target. They are coming prepared with bolt cutters to get to bikes that are chained up, so get them indoors. Always lock them during the day when you are out and about in the park. Make sure they have been registered with VO stickers so we can ID them if we find them in the park. Security is going to be looking for badges on people who are biking in the park. Please wear yours out so they can see them.

The Condo Board, along with Safety and Security and Infrastructure have several items we are reviewing at budget that will improve Security along these walls.

The Board has been in budget all week and a few of you have tapped in to watch the process. Its always interesting. On March 10th at 3:00 P.M. at the Townhall, the budget will be presented. This will again be on ZOOM so anyone can join in.

Have a great weekend, Spring Training is starting and if you are lucky, you might get a ticket.
