“I’m fully vaccinated what can I do now?”

The following information is taken directly from the CDC & Maricopa County’s Daily Covid-19 Updates and can be found at https://www.youtube.com/watch?v=IHpRup5onEc&ab_channel=MaricopaCounty This applies to those who are at least TWO WEEKS, past their last shot.

“When at home you can safely gather with other vaccinated people without masks. You can also gather with unvaccinated people from ONE additional household without masks so long as those unvaccinated people are at low risk for severe Covid -19.

When in Public you should wear well -fitted masks and stay physically distant from others with the recommended six-foot distancing.

When in Public you should avoid medium and large gatherings.

Take preventative measures when visiting unvaccinated people from multiple households.

Take preventative measures when visiting unvaccinated people at risk of serious illness from Covid-19”

IN THE PARK

There are still numerous residents and staff who are not vaccinated. All Condo Board and Social Board protocols remain in effect, until such time that more of the population is vaccinated and government agencies relax the guidelines further.

To safely mingle with your friends, you can, (completely voluntary) come to the Administration Office, show us your completed vaccination card, and get a sticker for the back of your badge. Now you can socialize in small groups without your masks, following the guidelines above.

Guests are still not allowed on/in the common elements.

QUARANTINE REQUIREMENTS

If you have been vaccinated and have the sticker on your badge, you may bypass the recommended quarantine rules at the clubs and in the park. Otherwise, all prior quarantine rules are in effect, which was a recommendation of 10 days of isolation upon your return to the Community.

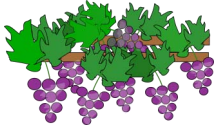

HOLD ON TO AND PROTECT YOUR VACCINATION CARD

The CDC card issued to you is the easiest way to show you have been vaccinated. While many states keep vaccination records on file the information can be difficult to access. It is unknown at this time if this card will be required for use for air travel or many other applications. Until we know more, we recommend you put the card in a protective sleeve or laminate it and carry it with you in your wallet like a driver’s license. Make sure you write your name on your card.

Tremble Clefs is a nationally recognized therapy for people with Parkinson's. Currently this therapy is available through Zoom. Next fall we plan to have this therapy live in Venture Out. We will begin **November 8** and will meet the second and fourth **Mondays** from **3:00-5:00 pm**. The goal of this therapy is to improve the low volume of your voice. It also helps with breathing and swallowing which become issues for Parkinson's patients. Our director, Sun Joo Lee, has a Master's Degree in Music Therapy from ASU and has been directing Tremble Clef choirs for over 10 years. For more information, call Rocky or Libby.

Recreation Update

March 26, 2021

Friday, March 26 is Arlene Hoagland's, our Recreation Receptionist, Facebook Coordinator, and all-around Activity Assistant's last day at Venture Out. Please, if you have a chance, stop into the office and wish her well. She will be greatly missed!

Can you believe April is just around the corner? That means the winter season is slowly coming to a close and many of you will begin to pack up and head home to cooler temperatures. For those who will stay to enjoy the most beautiful month in Arizona we will still have some activities to keep you busy!

New Image Fashions will be here one more time before he closes shop for the season on Monday, March 29 from 10:00 am - 3:00 pm at the Patio. Ladies, you will want to look over his clothing displays as I am sure you will find something that will work perfectly for you this summer. Be sure to check out the sale racks. You just might find a gem or two.

Congratulations to the newest members of the Venture Out Social Board; Rich Kantak and Jude Jensen as well as incumbent Kay Biediger! I am sure they will be nothing less than assets to the Social Board and Venture Out.

Tommy's Wood Fired Grill Food Truck will be back in the park on Saturday, April 3 for a special lunch serving. It's a taste of Santa Maria. Tri-Tip, chicken or jalapeno cheddar sausage grilled over Santa Maria Red Oak. Tommy will be firing up the grills outside his truck and has said this will speed up the serving lines. Hope to see you there as they will start serving around 10:45 am until 1:00 pm

The Shuffleboard Club won't be running and sponsoring the Ice Cream Trucks in April BUT Recreation will have one out every Monday during the month. Listen for the music between 12:00 pm and 2:30 pm and for \$2.00 you can have your choice of a Fat Boy, Drumstick, or Klondike Bar.

Don't forget that Room Reservation forms for the 2021-2022 season need to be submitted to the Activity Office by April 30. Forms are available on the Venture Out website or in hard copy form from the Activity Office.

We are sponsoring another blood drive with Vitalant (formally United Blood Bank) on Tuesday, April 6 from 9:00 am - 2:00 pm in the Community Center Parking Lot. Donating blood would be a wonderful thing to do for the community before you leave for the summer. Sign up today in the Activity Office.

There will be two Take Out Tuesday dates for the month of April. The first being lunch on Tuesday, April 13 featuring The Cheesesteak Joint (Yummmm...who doesn't love a good cheesesteak?) and Flippin Rice. The second will be dinner on Tuesday, April 27 with Buzzenbees and Tapas al Gusto. Be sure to check out their menus in the this edition of the Out-Lines.

The last of the season's Book Bonanza's is scheduled for Thursday, April 15. Head over to the Post Office side of the Community Center where you will find 8 tables packed full of books for the taking. Romances, mysteries, Westerns, non-fiction, biographies, autobiographies, and everything in between. The sale is from 9:00 am - 3:00 pm and while the books are free, donations are greatly appreciated.

Leaving soon for the season? Be sure to clean out your cupboard and donate any non-perishable food items to local food banks. A donation box can be found outside the Activity Office on the concrete table. Please no perishables this year.

The Hatfield Medical Group is sponsoring a free Hot Dog Drive Thru on Monday, April 19 from 11:30 am - 1:00 pm in the Community Center Parking Lot. While the event is free you must obtain a ticket from the Activity Office if you wish to take part in the free hot dog, chips, beverage and goody bags. The deadline to pick up tickets is 10:00 am, Thursday, April 15.

Chuck-e-Baby is back for Happy Hour on Tuesday, April 20! Reserve your table of 4 or 6 in the Activity Office and head to the patio located in front of the Sonoran between 3:00 pm and 5:00 pm to enjoy some great music from the 60's, 70's and 80's! BYOB but no food allowed.

Thank you to the many volunteers who assisted with the Recreation Program this season. There are too many people to list, but know their efforts were greatly appreciated.

We're going to give it one more try with Zoom Bingo on Thursday, April 22. Registration is required with our Out-Lines coordinator, Jon Williams at Outlines@ventureoutvresort.com by Monday, April 19. A minimum of 15 is required so invite your friends and neighbors to join in the fun!

This is the last time I will edit this newsletter and write a Recreation Update for the Venture Out-Lines. What can I say other than it feels not only strange but a smidgen scary and very sad. With my pending retirement of May 1, I wish to thank the many, many wonderful residents and volunteers who have touched my life at Venture Out. I will miss you all and this phenomenal community which has been my home for over 30 years. I know your next Activity Director will be fantastic. Give her/him time to learn the ropes and you will find she/he will be perfect for the position! My only hope is that she/he will love their job and Venture Out as much as I have. Thank you again and God bless.

Manager's Corner

March 26, 2021

This season we have been averaging right around 60% occupancy. The difference of course is all of our Canadians, who make up about 30% of the population that simply could not come down this season. We look forward to their return next year.

This week's occupancy is 1049 or 60% vs 1039 at the last report and no report from last year at this time due to covid. There are currently 201 renters in the park.

This summer's projects include adding security lighting along the wall next to the shopping center which was such a vulnerable spot for intrusions last summer. We will also be planting more barrier plants along the perimeter wall. Other committees are continuing to research some long-term solutions for additional security improvements and will continue on that project through the summer, reporting to the Board this fall.

The street & valley gutter project continues with a new street on Grumman and two side streets in the 400 block. Valley gutter replacement will continue on the west side replacing gutters that are broken. The street lighting project will follow the asphalt replacement, but also to include the 400 block and possibly a portion of the 100 block along Navajo. Lights will be added to three more Pickle Ball courts, using the monies raised by the clubs through the newly established RAC fund. A new antenna for the Ham Radio club is currently being installed also using money from that fund.

Nine pickleball courts will be resurfaced, (reserve fund item) a year earlier than anticipated. This is simply due to the large numbers of players on these facilities. If we go back, Pickleball started with around 140 members and today has over 600.

The last of the easement palm trees will be removed this year starting on April 1st. If you also have a palm tree you would like removed at the same time, you can contact our office and we will give you the Palm Tree contractor's phone number so that you can separately arrange that with them.

The sewer lines in both the annex and Bathhouse # 3 are scheduled to be re-lined. With #3 done we will have 50% of the bathhouses relined. We have not had any issues with the first three that were done. This relining can extend the useful life of those sewer lines for another 75 years. Electrical panels in the laundry room and other outside panels that are all approximately 50 years old are also scheduled to be replaced this summer.

All the normal preventative maintenance, repair, and painting of each facility will take place as this summer. Typically over 200 separate maintenance projects are performed by staff and we anticipate we will continue through the summer with all the additional Covid sanitation procedures.

Many of you are now getting ready to pack up and leave for the season. Please use the check list provided to make sure that your home is fully prepared for the summer. Also check all windows and doors for locks. We found many units unlocked last season. If you have locks that are perhaps not the best, consider a wooden dowel in the track.

If you have not already done so, please change your batteries on smoke alarms or any other alarm. Every year we have some batteries that need to be replaced and the neighbors next door can clearly hear the beep, beep, until we can gain access to the unit to get the battery changed.

Please make sure your lot is prepped for weeds before leaving and the best step you can take is arrange for a lot caretaker in your absence. There is a list at the Administration office with a list of names of both residents and staff that will do this work for you.

In closing most of you have probably heard by now that Teresa Beally/Activity Director is retiring at the end of this season. Teresa has for over 30 years provided the creative spark, energy and humor in the community that has made Venture Out the unparalleled lifestyle experience you all come for. She will be missed very much. Teresa asks that due to Covid that rather than a party she would appreciate cards and well wishes. I'm sure she will be accommodated.

We have made it, made it through what is certainly the most difficult year than any of us can ever remember. Some of us even lost family and friends due to this epidemic. But we survived, and did relatively well in VO. Thanks again, to all the Board members, staff, volunteers, club members and Block Captains that all pulled together to keep each other safe and assist each other. It is much appreciated.

If you a-*

n re leaving for the season, travel safely and we will see you next Fall.

Suggested Closure Checklist

Here are a few suggestions on how to get your unit ready for the long hot summer months ahead. Remember, careful planning and preparation now can help you avoid costly repairs when you return next season.

1. Check out at Administration Office:

Check for keys, and list of whom can borrow keys.

If you are having renters, ensure your Third-Party forms have been turned in AND paid for.

Update your directory information: email, phone number, summer address.

2. Check out at Post Office – Fill out forwarding address forms if necessary.

3. Avoid water damage – inspect your outside main water supply fitting for signs of leaks and/or corrosion then turn off the valve – don't block or close your drains. This will allow water to run straight through the drains. If possible, padlock the shut off.

4. To keep your p-traps from drying out – pour in approximately one cup of mineral oil.

5. Turn off your hot water heater and run it until it is cool.

6. Clean your gutters so the rain water has a place to go and does not back up under the shingles and run into your unit.

7. If you DO NOT have low-e window, then put in silver shades to repel the summer heat.

If you have low-e Do NOT cover the windows with anything but pull the shades and curtains. Covering the window will cause damage to your window and glass.

8. Remove all fruit from your trees to avoid roof rats.

9. Check drainage around your unit to make sure the water drains away from the unit in case of a large monsoon rain. Maintenance has sand bags available for you to place around your ground level Arizona Rooms. Do Not leave anything of value or furniture on ground level. Put all furniture up on blocks or inside your unit. Make sure the weep holes in the block wall are free of plants and debris so water can drain.

10. Weed Control – use Ortho Ground Clear (without 2-4-d) to put on your yard to help maintain weed control in the summer. Also, you may want someone who stays in the park for the summer to check on your yard to see if it's effective after summer rains. Green Committee recommends any pre-emergent weed killer that does not have 2-4-d. They recommend you read the label especially the fine print. There is a list of homeowners and staff willing to be caretakers over the summer available in the Administration Office.

11. Golf Carts – Disconnect the batteries. If possible, see if you can find someone to either store the cart for you or charge it once a month, fill it with water and run the cart a little monthly.

Suggested Closure Checklist

12. Do not store wood directly on the ground, under or around your unit as it will attract termites.
13. Replace batteries in the smoke detectors.
14. Check refrigerator – it should be defrosted, be cleaned (including bottom tray) and both refrigerator and freezer doors held open with folded bath towels. An alternate – put one cup uncooked ground coffee beans in refrigerator and close doors.
15. Check stove and oven – clean if needed.
16. Dispose of all food items, except spices. Place small amount of bay leaves in food cupboards.
17. Check all storage areas for perishables.
18. Store all cooking utensils and small appliances in cupboards as space permits.
19. Run garbage disposal until thoroughly clean. Pour ½ cup of mineral oil, flick on and off and add another ½ cup of mineral oil. Available at Wal-Mart and most drug stores. Or spray with WD-40.
20. Turn off water to the toilet. Flush toilet several times to clean drain of any solids. Sponge out most of the water in stool and pour in enough mineral oil to cover water. Leave water in the tank.
21. Make sure all bedding, towels and laundry are dry, clean, folded and stored in cupboards.
22. Disconnect small electrical appliances – TV, toaster, coffee maker, etc. Remove batteries from clocks, flashlights, remote controls, etc.
23. Lower any window awning on trailer, if applicable.
24. Turn off electricity at meter. You may lock electric pedestal door.
25. Check skirting openings to be sure they are in place and secure.
26. Pour a quart of RV antifreeze in dishwasher and clothes washer. Pour ½ cup in drain stand pipe behind clothes washer.
27. Close all propane gas cylinder valves tightly.
28. Cover TV, VCR, Computer, etc. with sheets or towels to prevent dust from infiltrating the working parts.

Have a Great Summer!

See you next Season!
