When Anne and Leo Touw purchased 801 Boeing, the front and side yards were bare gravel but they sought mostly colorful desert plants. Most responded well to care even though the Touws had to leave in a hurry in March 2020 before the plants were well established.

NOVEMBER 1st, Tuesday

Winter overnight rates in effect.

Condo Board Meeting of March 17, 2022

Starting date for the west pool is May 1st. Since there will be bills to be paid as work proceeds, the board is asking all those who can, to pay as much of the assessment as early as you can. The special assessment can be paid on line. There is an “on-line fee” of 2.9% for processing. The 2022-2023 budget was approved and the quarterly HOA assessment will be \$740.

The Internet Committee has narrowed our internet options to two. One is a short term solution that involves line of sight transmission from a tower to repeaters on buildings in VO and then to small antennas on individual homes. The second is a long term solution using buried fiber optic cable which will provide internet and more for years to come. The board voted to spend \$1000 to explore the feasibility of laying cable in the VO easements.

There are continuing complaints about dogs using people’s yards, and using the exit as an entrance to the dog park. The exit smells are much closer to resident homes. And dogs are not allowed on common elements! **Especially to relieve themselves!** There has always been an understanding by pet owners that you do not walk your dog through the park. Additionally, some people are not registering their animals as required in our Rules and Regs. The board is hoping that educating pet owners will reduce the complaints and no further action will be required.

The board approved TORs (Terms of Reference) for all the Standing Committees: **Finance, Common Facilities Planning, Architectural, Green, Communication, Infrastructure, Donations, Audit, Elections, Governing Documents, Safety & Security, Legislative and several ad hoc committees.** The important parts of a TOR are the names of the chair and committee members and the tasks each committee is assigned. If there is a committee in which you have an interest, attend their meetings and/or join the committee. More information can be found on the Venture Out RV Resort website. Jeri Robbins, CB Director

Suggested Closure Checklist to 'Summer-ize' your Home

Here are a few suggestions on how to get your unit ready for the long hot summer months ahead. Remember, careful planning and preparation now can help you avoid costly repairs when you return next season.

1. Check out at Administration Office:

Check for keys, and list of who can borrow keys.

If you are having renters, ensure your Third-Party forms have been turned in AND paid for.

Update your directory information: email, phone number, summer address.

2. Check out at Post Office – Fill out forwarding address forms if necessary.

3. Avoid water damage – inspect your outside main water supply fitting for signs of leaks and/or corrosion, then turn off the valve – don't block or close your drains. This will allow water to run straight through the drains. If possible, padlock the shut off.

4. To keep your p-traps from drying out – pour in approximately one cup of mineral oil.

5. Turn off your hot water heater and run it until it is cool.

6. Clean your gutters so the rain water has a place to go and does not back up under the shingles and run into your unit.

7. If you DO NOT have low-e windows, then put in silver shades to repel the summer heat.

If you have low-e Do NOT cover the windows with anything but pull the shades and curtains. Covering the window will cause damage to your window and glass.

8. Remove all fruit from your trees to avoid roof rats.

9. Check drainage around your unit to make sure the water drains away from the unit in case of a large monsoon rain. Maintenance has sand bags available for you to place around your ground level Arizona Rooms. Do Not leave anything of value or furniture on ground level. Put all furniture up on blocks or inside your unit. Make sure the weep holes in the block wall are free of plants and debris so water can drain.

10. Weed Control – use Ortho Ground Clear (without 2-4-d) to put on your yard to help maintain weed control in the summer. Also, you may want someone who stays in the park for the summer to check on your yard to see if it's effective after summer rains. Green Committee recommends any pre-emergent weed killer that does not have 2-4-d. They recommend you read the labels especially the fine print.

11. Golf Carts – Disconnect the batteries. If possible, see if you can find someone to either store the cart for you or charge it once a month, fill it with water and run the cart a little monthly.

12. Do not store wood directly on the ground, under or around your unit as it will attract termites.

13. Replace batteries in the smoke detectors.

14. Check refrigerator – it should be defrosted, be cleaned (including bottom tray) and both refrigerator and freezer doors held open with folded bath towels. An alternate – put one cup uncooked ground coffee beans in refrigerator and close doors.

15. Check stove and oven – clean if needed.

16. Dispose of all food items, except spices. Place small amount of bay leaves in food cupboards.

17. Check all storage areas for perishables.

18. Store all cooking utensils and small appliances in cupboards as space permits.

19. Run garbage disposal until thoroughly clean. Pour ½ cup of mineral oil, flick on and off and add another ½ cup of mineral oil. Available at Wal-Mart and most drug stores. Or spray with WD-40.

20. Turn off water to the toilet. Flush toilet several times to clean drain of any solids. Sponge out most of the water in stool and pour in enough mineral oil to cover water. Leave water in the tank.

21. Make sure all bedding, towels and laundry are dry, clean, folded and stored in cupboards.

22. Disconnect small electrical appliances – TV, toaster, coffee maker, etc. Remove batteries from clocks, flashlights, remote controls, etc.

23. Lower any window awning on trailer, if applicable.

24. Turn off electricity at meter. You may lock electric pedestal door.

25. Check skirting openings to be sure they are in place and secure.

26. Pour a quart of RV antifreeze in dishwasher and clothes washer. Pour ½ cup in drain stand pipe behind clothes washer.

27. Close all propane gas cylinder valves tightly.

28. Cover TV, VCR, Computer, etc. with sheets or towels to prevent dust from infiltrating the working parts.

Star Volunteer

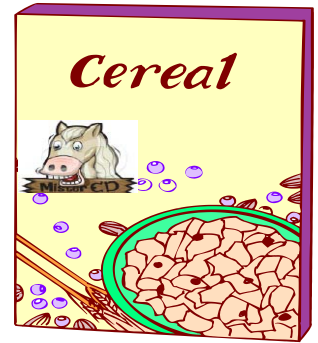

*Way to go,
Marlice Fenske*

Marlice Fenske and her late husband Norman moved to Venture out in 1994. She has a long history of volunteerism and you will still see her every Monday morning at

the Activity Center as the cashier (1997-Present). She also was the cashier for Bingo for a couple of years. She is frequently called on to train new cashiers. Marlice served 7 seasons on the Social Board and was their President for 2 years. Marlice also served 3 years on the Condo Board and served as Treasurer. Marlice is a STAR and also a star volunteer, much loved and respected by VO residents, and those who have been fortunate to work with her. Congratulations, Marlice.

A "Food Donation Box" is available in the Activity Office. Before you leave for the season, clean out your cupboards and fridge and donate your unopened non-perishable food items to assist local food banks.

Lawrence Heppner of 146 Navajo harvested seeds for these flowers from Jack Chaffee about 5 years ago. They bloom every spring with no watering nor care. Cleaning up the wilted flowers after they release their seeds does take work. Give him (and Jack too) a helping hand in about a month or so. Nominate your low or no irrigated yard (or a neighbor's) that has desert plants and a pleasing design. Contact annette2000@gmail.com

It's Time To Register YOUR PET

A Few Things to Know About Pets in Venture Out

1. Pets are required to be registered at the Activity Office. Proof of current rabies vaccination is needed for dogs. Upon registration a tag will be issued which must be attached to the collar or harness of the pet. You will also receive stickers for your badge, and a "Rules & Guidelines for Pets at Venture Out".
2. Pets are to be on a leash unless in the gated Pet Walk area or in your private yard.
3. Pets may be walked on the streets and sidewalks of VO. They may not be taken to "do their business" in yards other than your own, or any common areas other than the Pet Walk. Be prepared to clean up any accidents that may occur when walking your dog (carry bags and water).
4. Pets are not allowed on any common areas other than the Pet Walk, streets, and sidewalks.
5. When using the Pet Walk, use the Entrance and Exits as marked.
6. A Pet Wash is available for your use. Please bring and take your own supplies.
7. For more information, please read Section 2, Article 8 in our Condominium Rule & Regulations.

Recreation Update

April, 2022

As the season comes to an end, I want to thank so many from this season for their support, guidance, and volunteer time throughout my first year. Being here has been so much fun and what a great community VO is! I am already looking forward to next season and to see all the excitement that is to come.

Before we say goodbye to everyone, I would like everyone to say hello to Ginny Helmbrecht. Ginny started a couple weeks ago, she is vivacious and so wonderful to have on board. She has jumped in with both feet and is taking on responsibilities and already doing some great stuff for Venture Out.

The final touches are being pulled together for Saturday's Venture Out End of Season Celebration; we are just over 500 tickets sold. If you did not get tickets, we are offering for people to pay at the door and to get in but this would be for the concert only (no food) and the cost is \$8/person. There are so many volunteers helping out with the event and wow what great volunteers we have!!! George Ames, Barb Wright, Chris Johnson, Lorraine Hee, Forest and Jan Simmons have all worked together to line up everyone from cooking to directing traffic to taking tickets. A big thank you to the Condo and Social Board for all their help at the front gate and for helping with food service as well.

With March closing out, we have a lot of seasonal events that are closing as well. The last Happy Hour will be this Friday, March 25 with Oly Mann playing. The last New Image Fashions will be setup on March 28 in the Baja Bistro. Chef's last cooking class was postponed until Wednesday, March 30; (He has one more class in April) there is still room if you are interested in learning about Chillin' and Grillin' with Chef Arthur.

With everything slowing down, Ginny and I are going to work together to come up with some fun things to do this summer. Keep watching the newsletter and fastmails for upcoming fun events that we are going to work on; along with some games in the Baja Bistro and we are going to have some summer dances, too.

With a lot of people leaving, please keep watching for emails and the Out-Lines. Even though you are not here, it is always fun to see what is going on. Please have safe travels and send us some pictures wherever your travels may take you. Before you leave, remember to check out with the Administration Office. We look forward to seeing everyone back in the fall!

Manager's Corner

April, 2022

This week's occupancy is 1399 or 80%, vs. 1440 at the last report and 1039 one year prior. There are currently 287 renters in the park.

Spring break is winding down and Residents are starting to pack up and head home. Please review the closing list before you go to make sure you have things buttoned up tight.

Several items we ask that are critical:

First, hire a caretaker OR plan on coming back during the season, to check on your lot. After last years, record weed season, many that went to seed, if your lot is not properly prepared with a pre-emergent that will last at least a year, you will likely be hearing from us. Finding people to pull weeds these days is not easy and there is no guarantee that if you have weeds crop up on your lot, we will be able to find anyone to clean them up. Now that we have had West Nile disease in the park, weeds are not only a fire hazard, but they could also be a serious threat to someone's health. Last year, we found that when pulling those weeds, mosquitos were swarming in them. We have a list of caretakers in the office residents and staff both, willing to watch your home.

Look around the outside of your home for anything that could collect standing water. Turn pots upside down and put chlorine tablets in any fountain that is drained. Rainwater standing in fountains is a perfect breeding ground.

Change your batteries in your alarms before you go. Every year, several smoke alarms go off during season, and the next-door neighbors sometimes have to listen for weeks to the 'beep, beep, beep' before we can get a key to get into the unit to shut it down.

Leave a key with the Admin office for just such an event!

Check out with both Administration and the Post Office. Those are two separate check outs. Driving past the Gate house waving and saying..."we're gone!"... does not check you out. This is important so we can mark you out on the gate system so no one tries to use your name to access the park. It is also critical for us to make sure you get any important notices.

If you have been getting a FASTMAIL from us all season long, you are good for notices. If you have NOT, and wish to be on the FASTMAIL list, make sure you come to the office with your e-mail address so that Darlene can get you on the list. We have less than 100 owners without an e-mail address, so we think we are reaching most of you.

This summer just like with the EPC, and the Northeast Sports Complex, we will mount a 'construction cam' so you can watch the progress on the West Pool on the Web Site. Many of you find it both entertaining and informative.

Finally in closing, this weekend Activities is putting on your first ever outdoor music festival. It should be a lot of fun and Thank You Carrie for starting a new fun tradition at VO. We are going to be there helping, but we ask that everyone that is there, help us clean the site, when leaving, by packing out everything you bring in, and making sure trash in placed in the trash container. Activity and Admin as well as many volunteers will be working some long hours to set up the site and clean it up, afterwards, so we appreciate all of your help, so we can do it again.

Have great weekend and travel safely if you are leaving for the season!

A BIG THANK YOU to the Handymen

(Pictured Warren Lee, Lon Fessenden & Kevin Shopik) who re-purposed an old stainless steel sink top that had been in storage for years, and rebuilt a sink and serving station at the Game Zone. This area is used by the RV overnight renters and residents alike for after hours parties. This is a much-needed improvement to that area and looks like it will be there for many years to come. Thanks Guys for a great design and your hard work!
