# Suggested Closure Checklist to 'Summer-ize' your Home

Here are a few suggestions on how to get your unit ready for the long hot summer months ahead. Remember, careful planning and preparation now can help you avoid costly repairs when you return next season.

1. Check out at Administration Office:

Check for keys, and list of who can borrow keys.

If you are having renters, ensure your Third-Party forms have been turned in AND paid for.

Update your directory information: email, phone number, summer address.

2. Check out at Post Office – Fill out forwarding address forms if necessary.

3. Avoid water damage – inspect your outside main water supply fitting for signs of leaks and/or corrosion, then turn off the valve – don't block or close your drains. This will allow water to run straight through the drains. If possible, padlock the shut off.

4. To keep your p-traps from drying out – pour in approximately one cup of mineral oil.

5. Turn off your hot water heater and run it until it is cool.

6. Clean your gutters so the rain water has a place to go and does not back up under the shingles and run into your unit.

7. If you DO NOT have low-e windows, then put in silver shades to repel the summer heat.

If you have low-e Do NOT cover the windows with anything but pull the shades and curtains. Covering the window will cause damage to your window and glass.

8. Remove all fruit from your trees to avoid roof rats.

9. Check drainage around your unit to make sure the water drains away from the unit in case of a large monsoon rain. Maintenance has sand bags available for you to place around your ground level Arizona Rooms. Do Not leave anything of value or furniture on ground level. Put all furniture up on blocks or inside your unit. Make sure the weep holes in the block wall are free of plants and debris so water can drain.

10. Weed Control – use Ortho Ground Clear (without 2-4-d) to put on your yard to help maintain weed control in the summer. Also, you may want someone who stays in the park for the summer to check on your yard to see if it's effective after summer rains. Green Committee recommends any pre-emergent weed killer that does not have 2-4-d. They recommend you read the labels especially the fine print.

11. Golf Carts – Disconnect the batteries. If possible, see if you can find someone to either store the cart for you or charge it once a month, fill it with water and run the cart a little monthly.

12. Do not store wood directly on the ground, under or around your unit as it will attract termites.

13. Replace batteries in the smoke detectors.

14. Check refrigerator – it should be defrosted, be cleaned (including bottom tray) and both refrigerator and freezer doors held open with folded bath towels. An alternate – put one cup uncooked ground coffee beans in refrigerator and close doors.

15. Check stove and oven – clean if needed.

16. Dispose of all food items, except spices. Place small amount of bay leaves in food cupboards.

17. Check all storage areas for perishables.

18. Store all cooking utensils and small appliances in cupboards as space permits.

19. Run garbage disposal until thoroughly clean. Pour ½ cup of mineral oil, flick on and off and add another ½ cup of mineral oil. Available at Wal-Mart and most drug stores. Or spray with WD-40.

20. Turn off water to the toilet. Flush toilet several times to clean drain of any solids. Sponge out most of the water in stool and pour in enough mineral oil to cover water. Leave water in the tank.

21. Make sure all bedding, towels and laundry are dry, clean, folded and stored in cupboards.

22. Disconnect small electrical appliances – TV, toaster, coffee maker, etc. Remove batteries from clocks, flashlights, remote controls, etc.

23. Lower any window awning on trailer, if applicable.

24. Turn off electricity at meter. You may lock electric pedestal door.

25. Check skirting openings to be sure they are in place and secure.

26. Pour a quart of RV antifreeze in dishwasher and clothes washer. Pour ½ cup in drain stand pipe behind clothes washer.

27. Close all propane gas cylinder valves tightly.

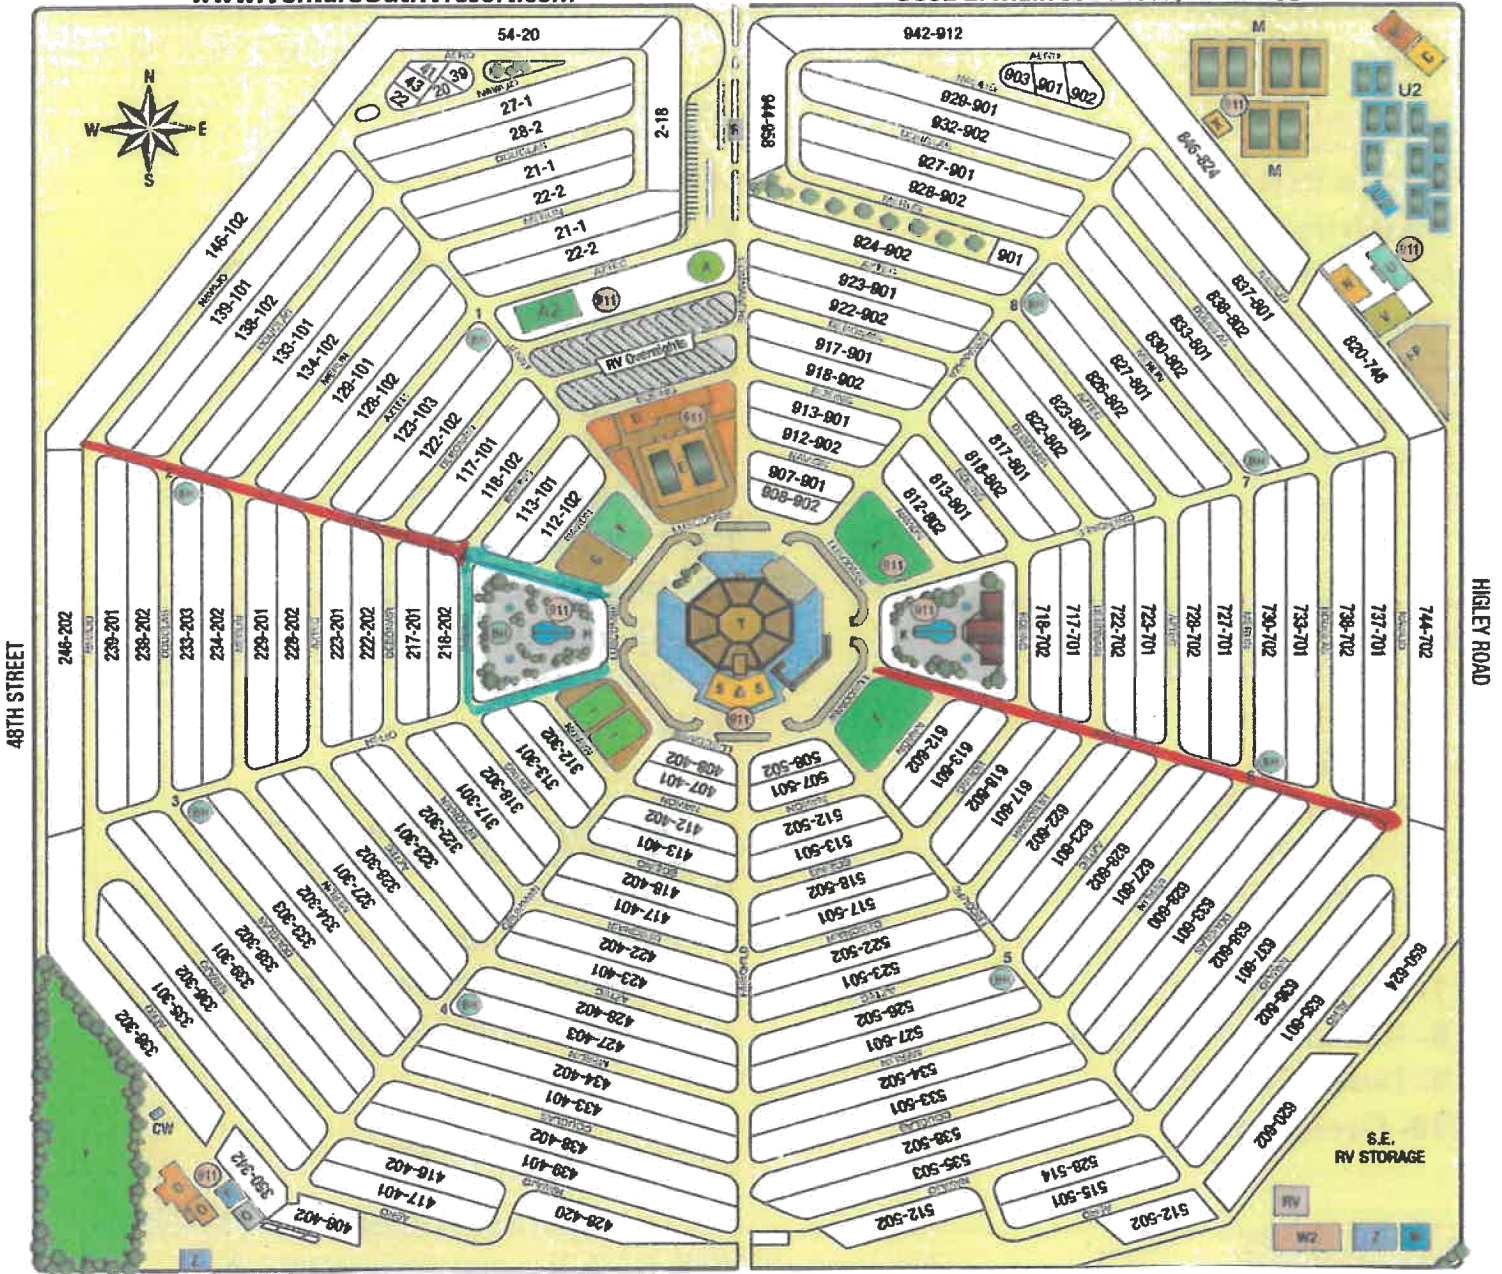

28. Cover TV, VCR, Computer, etc. with sheets or towels to prevent dust from infiltrating the working parts.

A Few Things to Know About Pets in Venture Out

1. Pets are required to be registered at the Activity Office. Proof of current rabies vaccination is needed for dogs. 2. Pets are to be on a leash unless in the gated Pet Walk area or in your private yard.
3. Pets may be walked on the streets and sidewalks of VO. They may not be taken to "do their business" in yards other than your own, or any common areas other than the Pet Walk. Be prepared to clean up any accidents that may occur when walking your dog (carry bags and water).
4. Pets are not allowed on any common areas other than the Pet Walk, streets, and sidewalks.
5. When using the Pet Walk, use the Entrance and Exits as marked.
6. A Pet Wash is available for your use. Please bring and take your own supplies.

Congratulations team "Hot Shots" winning in park league. Captain Dave Obert, Rick VanSlyke, Clare McParland, Kirk Juffer, June Rousson and Linda Wurgler. All members wish to thank Barb for serving as President during very trying years with Covid restrictions. We want to welcome Kandy Rose as our new President. We read a variety of books including fiction, non-fiction, classics, science fiction, historical fiction, biographies, and best sellers. Send your ideas to me by email or bring to the book group. **WEDNESDAY MORNING FREE DRAWING CLASS**  
**Annette Ripplinger**  
 503-267-2000

Watch this space for changes to the Wednesday Free Drawing Class. To be able to include our friends with Wednesday morning Tai Chi, we're considering moving the Drawing Class to Thursday mornings at

9:30 am, starting in November, shortening the class to one hour, and continuing with a watercolor demo by Henry Beckmann of Art in the Park. With limited materials, students can try transferring their drawing to watercolor paper and painting it. There's so much to learn using a limited palette of watercolors. We'll see how successful these changes are through December and tweek the combo class for the 2023 season.

# **Recreation Update**

*May, 2022*

April 26 was my one-year anniversary and what a year it has been. I have so many to thank for this spectacular year. Mary Schmit, Social Board, Condo Board and Clubs; you all helped to make the transition as smooth as we could and helped me learn the “culture” of VO. To the many volunteers that stepped up (sometimes at the last minute) and helped with the many events we have had, without you we would not have had the great year we have had. But the biggest thank you goes out to the amazing staff that helped fight our way through season: Arthur, David, Jeanette and Jon. Also a big thank you to the other departments for all your information and encouragement: maintenance, administration and security. Speaking of staff, so many of you have gotten to meet Ginny and I look forward to the many things that are going to come next season with us working together. I would like to ask everyone in helping us welcome Sunshine Gustafson, our new Recreation Accountant. She is digging in and working her way through all the information from the season, we are really excited to have her on board. Hopefully soon you will see a “Meet and Greet your Recreation Staff” on the calendar.

For those that missed out or were not here, what a celebration you missed at our Year End Celebration. We had over 640 in attendance watching “Britain’s Finest” on the outdoor stage performing to some of their greatest hits ever. As we are putting the calendar together for next year, keep an eye out for this in the near future. Currently we are working on an Eagle’s Tribute, along with Bob Seger. Thank you to all the residents for your patience, support, and feedback of this event; we are definitely looking forward to next season!

Speaking of next season... our 2023 Concert Series is almost sold out. I worked with the booking agents and we will be offering a matinee for all 6 performances. The matinee will start at 3:00 pm, with the evening show still starting at 7:00 pm. We wanted to be able to offer more seating, along with individual event sales for each show. The individual event tickets will not go on sale until 6 week prior the show. Reach out to the activity office and we will be more than happy to get you setup with seats for the Concert Series for next year! For more information shows or purchasing tickets, please see the flyer inside this month’s Out-Lines.

As the temperatures are on the rise, so are we trying to find some fun events for our residents. The Bistro Games are back, we just finished Bunco and had quite a turnout. We have a Resident vs Staff Pictionary day coming up, no signup needed; just show up to compete. Ginny just worked some magic and we have a casino trip going to Payson to the Mazatzal Casino in June. We need everyone to signup and will be working with another community to make sure we have enough for the bus trip. Chef Arthur has a lot of food events coming up, so no need to heat up your kitchen. A friendly reminder that we encourage everyone to get tickets so Chef knows how many to prepare for and ticket sales end the Wednesday the week before the event. We always try to offer tickets at the door, but sometimes it is not possible due to the amount we would have to order.

I would like to wish all the beautiful mothers a happy Mother’s Day, enjoy the day with family and surrounded by loved ones (and let them do the cooking). If you are in the park, remember Chef Arthur is going to be doing a savory Day After Mother’s Day Brunch. I wish everyone a safe Memorial Day and remind you that the offices will be closed on Monday, May 30. Please feel free to stop by the Activities Office or reach out to us offering your feedback or interests as we are looking at events for next year. Thank you again for all your support of our Recreation Department.

# Manager's Corner

May, 2022

This month's occupancy is 683 or 39% vs. 1399 at the last report and 663 the year prior. There are currently 90 renters in the park. Just a reminder if you are leaving, be sure to check out with Administration so that we can mark you out of the property and the guards at the gate know that you are no longer here. Clean up your guest lists on your gate program and make certain that no one has permission to access your property in your absence unless its an approved caretaker. Caretaker forms are here in the office.

Preliminary work has started on our summer construction projects. On May 2 the West Pool will be closed. It will first be drained, and then we will take the next two weeks to salvage any pool equipment, plants etc, that can be saved. On May 16th demolition of the pool will begin and construction will be on going through the summer. We will set up a viewing camera on the Venture Out website so you can watch the progress throughout the project duration.

The street and lighting work will begin on May 13th. They intend to mill (grind and remove three inches of asphalt) both Dart and Invincible in one day. When they are milling the streets, we will have them blocked off and heavy equipment will be moving in and out of the property. Please take note of the street map Included on page 7 of this Out-Lines and try to avoid the construction areas.

The conduit for the streetlights will be installed directly behind the milling of the streets and they will take two weeks to complete this phase. The lights will be added later, after the paving project is complete.

Paving is scheduled for June 1, and again a lot of heavy equipment and trucks will be circulating around the park and it will be necessary to be watchful for this equipment.

Since this paving work will be simultaneous with the demolition of the West Pool, there will be additional heavy trucks and equipment moving in and out of Invincible with that debris. The demo of the pool is projected to last three weeks. All demolition will be completed before the start of Palm Tree trimming.

Concrete pours, when done during the summer, are most often done in the middle of the night, due to the intense heat during the day, to prevent the concrete from curing too fast. So it is possible contractors will be working at 3:00 and 4:00 a.m.

The storm drain work will start later in the fall, preliminary surveys and engineering work will be done in the weeks prior to construction. This project, (lining the drain) is projected to take one months' time.

All normal summer projects will be on going, as we work through each common element/ building doing the necessary maintenance and cleaning as well as completing some transmittals. Once again, we have a very busy summer, and we will do our best to keep all lot owners up to date on what is happening in the park.

We thank you in advance for your co-operation and most importantly staying out of the construction sites which will be full of trenches and other dangerous obstacles.

We are both sad and happy to announce that 'Bug' will be leaving us to move to Texas. She has an exciting new path both personally and career wise and we wish her the best of luck and will miss her. Bug's last day is May 10th, so if you see her out there on her rounds you might wish to say goodbye.

If you are leaving for the season, safe travels and we will see you next fall.
