President's Comments

9-29-23

Several residents are slowly making their way back home to Venture Out. Welcome to those of you who have arrived; and safe travels to those of you who are yet to get here.

Many things have happened in the park this summer, which is not uncommon – the heat this year was typical meaning that we had several brutally hot days and few rainy days. This did have an impact on many of our cacti here in the park as we have lost several both in common areas and on private properties. There was not a lot of rain this season, we still experienced electrical storms, one which even took out several palms on the 600 block of Navajo.

As we discussed in the last Condo Board meeting (9-14-23), the ballroom floors are on our list to be replaced. We have decided to wait this season and do further research in hopes of finding the best, long lasting product for Venture Out. Further discussions will take place in future meetings.

Streets and lights are scheduled to start mid-October and the asphalt should be completed by the end of the month. We will try to give you enough notice as to start and finish of this project so that you can take alternate routes.

East Pool Update: As stated at the Condo Board meeting (9-14-23) David is getting bids from structural engineers to determine the safety of the building as the rust in the men's showers affected an outside supporting wall. I have included pictures of the damage for you to see. As soon as we know that the building is safe and the repair work in both the center and the east pool, we will try to open both the gym and pool as soon as we can. We will keep you posted.

Pet owners remember that the coyotes have been seen in the park so please keep your pets safe and do not let them roam freely.

HANDYMAN CLUB

Kevin Shopik
VP Handyman
587-225-0500

For over 40 years the Handyman Club has proudly served the VO community by Club/Maintenance/Capital projects. All the projects the Handyman Club work on are approved through the transmittal process. One only has to look around and see the numerous projects which have been completed, from

the Post Office area relocation, Library shelves, bulletin boards, paving stones and numerous cupboards and counters for VO Clubs including the Activity/Admin Offices, are only a few of the thousands of projects completed over the decades. The Handyman Club now takes the time to help residents with simple bicycle repairs, as this is the only other service which provides an opportunity to keep our members busy during the slow times. If you are VO Club who is thinking about, considering, or planning an improvement project, our hope is you consider the Handyman Club. Our projects show pride of ownership as we are all owners who care. Stop by the club and talk to us.
