OLD BUSINESS

Update from our meeting with Steve Blyfield

Steve gave us an update on things in the future for Venture Out and our committee's involvement.

They included videos of summer projects, website and a weekly digital newspaper, renters being included in fast mails, and a monthly podcast.

There was also the suggestion that we set up meeting dates for the year and plan to use the Administration conference room. That way Steve could also attend if time was available.

NEW BUSINESS:

Channel #17: Robbie has agreed to be our Liaison on this project. She reported that she has spoken with Steve and there are still a lot of questions that need answers, but that she will continue working on it over the summer.

CCP Comprehensive Communication Plan: Denise shared from her past experience how we might go about creating plan. Denise agreed she will steer head the CCP and report back her progress.

Green Committee request: no report as Gabby was unable to attend meeting.

Residents Comments limited to 5 minutes

Motion to adjourn made by Mary, seconded by Barb

Meeting adjourned at 10:40 am MST

Next Meeting: Mary will confirm with Leslie in administration and set up meetings for next year based on availability.
