The meeting was called to order at 10:00am MST

Approval of Minutes of the January 9, 2026 Gabby moved, Linda seconded. Passed

Addition to the Agenda: Mick Viney was here to present a report on Condo Manager and Touch Link for channel 17. He had met with Randy, our assistant GM, and reported that we can make things a lot easier using more provisions of Condo Manager. He talked about setting up a meeting with Touch Link to better understand how it will interface.

Review of projects from last session:

Website: Denise is the point person on Website. She suggested a sub group to look at the Website and recommend changes. It was agreed that Judith, Mick, Brad, & Nephi will assist Denise and that she will set up a sub committee meeting date and notify members.

Channel 17 : Nephi is our point person on Channel 17. He reported that channel 17 is back up and running and that the software, IN Touch, with our new Direct TV sounds very promising. The In Touch package is being paid for by Direct TV at no additional cost to VO for the next 5 years.

Strategic Communication Plan: Denise is the point person on the Strategic Communication Plan. She asked how things were progressing on the different areas people had chosen to work on.

- Mary reported that she had been working on the New Owners Packets which include the Rules and Regulations given to renters upon checking in. It is our understanding, per the administration office staff, that nothing is given to renters concerning rules of the park. Mary and Linda will get together and work on this and report at the next meeting.

- Other reports were Channel 17 & Website as stated above.

Update from Greg Shelby: Greg asked for our signed Venture Out Code of Conduct articles so that he could turn them in to Condo.

Discussion as to needing New Members: It was suggested since we have a few members that have resigned and we have a few possibly going off that we continue to think of new possible members. Mary had applications forms for anyone requesting one.
